ANNEXURE

In the matter of an industrial dispute existing between Messrs. Bengal Chemical and Pharmaceutical Works Limited (including their factories at Manicktolla and Panihati, and other establishments at Manicktolla, 6 Ganesh Chandra Avenue and Rashbehari Avenue, Calcutta), 6 Ganesh Chandra Avenue, Calcutta-13, and their workmen represented by the Bengal Chemical Mazdoor Union, 2 Jogodyan Lane, Calcutta. (Case No. VIII-137 of 1959.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. K. SARKAR, Judge, Second Industrial Tribunal.

Present for the Company: Shri K. B. Basu, Counsel, and Shri N. M. Das Gupta, Advocate.

Present for the Union: Shri D. L. Sen Gupta, Advocate.

By Government order No. 3914-I.R./IR/11L-184/59, dated the 12th August 1959, the above industrial dispute was referred under section 10 of the Industrial Disputes Act to this Tribunal for adjudication of two issues relating to grades and scales of pay and age of retirement. In the original order of reference the employer was described as Messrs. Bengal Chemical and Pharmaceutical Works Ltd. (factories at Manicktolla and Panihati). Besides these two factories, however, the Company has three other establishments in different places of Calcutta where also it employs workmen. So this description was subsequently amended by a corrigendum No. 293-I.R./IR/11L-184/59, dated 21st January 1960, and the employer was described as Messrs. Bengal Chemical and Pharmaceutical Works Ltd. (including their factories at Manicktolla and Panihati and other establishments at Manicktolla, 6 Ganesh Chandra Avenue and Rashbehari Avenue, Calcutta). After the parties had appeared and filed written statements an application was made by the Union on 17th November 1959 for an interim award directing the Company not to retire employees reaching the age of retirement before final adjudication. This prayer was rejected on 23rd December 1959 and an interim award was made accordingly. The main dispute was heard from 31st March 1960 to 4th April 1960. Five witnesses were examined by the Union and one by the Company. Several documents filed on both sides were marked as exhibits.

Messrs. Bengal Chemical and Pharmaceutical Works Ltd., to be hereafter referred to as the Company, is a well-known concern producing medicines and various chemicals on a large scale. It employs at present about 300 workmen at its factories and different establishments. There had been several previous adjudications between the Company and its workmen beginning from 1947 and as a result of those adjudications the basic pay and the dearness allowance of the employees were increased from time to time but no graded scales of pay were fixed by any of the Tribunals in spite of demands in that behalf. In June 1953 the Union again submitted a charter of demands claiming graded scales of pay and during the conciliation proceedings arising therefrom a settlement within the meaning of the Industrial Disputes Act [Section 2(P)] was arrived at between the Company and the workmen represented by the present Union in the presence of the Conciliation Officer and an agreement was signed by both parties embodying the terms of the settlement on 15th September 1954. By this agreement graded scales of pay with annual increments were fixed for certain categories of employees. This agreement provided that it would remain in operation for a period of 3 years and the said three years expired on 15th September 1957. Thereafter on 16th September 1958 the present Union submitted a fresh charter of demands asking for revision of the pay scales and grades fixed by the agreement and also for raising the age of retirement from 55 years to 60 years. The Union's case is that it never considered the grades and scales of pay fixed by the agreement of 1954 to be fair but accepted them as the first step in the hope of revision and improvement after three years for which provision had been made in the agreement itself. It is said that the minimum and the maximum fixed for each of the grades were not

adequate, that the rates of annual increment were small and that the provisions for efficiency bar were arbitrary and unreasonable. Other defects have also been pointed out and on these grounds the Union demands that the pay scales and grades should be revised in the manner described in the Annexure E to its written statement without any efficiency bar. With regard to most of the categories the demand is for raising the minimum and the maximum by more than 50 per cent. The Union also wants graded scales of pay to be fixed for certain categories of employees like chemists, doctors and salesmen regarding whom no grades had been fixed by the agreement. As regards the age of retirement which is at present 55 years subject to the right of the Company to grant extensions, the Union's case is that the Company did not, as a matter of fact, retire any employee before attainment of the age of 60 years, that the whole conception of the retiring age had undergone a change since it was fixed at 55 years and the longivity of the people had increased and that as such the retiring age should be raised to 60 years.

The Company's case is that the Union cannot ask for any revision of the grades and scales of pay fixed by the agreement of 15th September 1954 since that agreement is still binding on the Union not having been terminated by any notice in writing as required by section 19(2) of the Industrial Disputes Act. The Company has further stated that the said agreement has since been confirmed by the Company and its workmen represented by another Union, viz., Bengal Chemical Mazdoor Sangha, on 11th January 1959. The Company accordingly pleads that there can be no further adjudication regarding the grades and scales of pay which are covered by the agreement. With regard to the demand for raising the age of retirement also the Company relies upon the agreement of 15th September 1954 by which it was agreed that the age of retirement should remain at 55 years and that this rule should be strictly followed. The Company denies the Union's allegations that the grades and scales of pay fixed by the agreement were unfair and unreasonable or that the Company gave any assurance that they would be revised after three years. Finally the Company pleads that there has been no change of circumstances justifying a claim for revision of the same and that there has also been no improvement in the business and financial condition of the Company as compared to 1954.

Issue No. 1—Grades and Scales of Pay: As already stated, on this issue the Union wants a revision of the grades and scales of pay fixed by the agreement of 15th September 1954 and fixation of grades and scales of pay for certain categories of employees for whom the agreement did not make any provision and the first question which arises for decision in that connection is whether that agreement or settlement is still binding on the parties. The Company's case is that it is still binding as it has not been terminated by a notice in writing as required by section 19(2) of the Industrial Disputes Act, while the Union's case is that it has been so terminated. The Union has produced a copy of a letter, dated 7th July 1958 (Ext. 1), which, according to the evidence of its Treasurer, Jyotish Dutta, was sent to the Company by ordinary post on the same date. This letter no doubt states that the Union was terminating the agreement by two months' notice, but the Company has denied receipt of the letter and there is no satisfactory evidence that it was actually sent. According to the copy, the letter was signed by Satya Sen, the Secretary of the Union, and the evidence is that he sent it but he was not examined. Jyotish Dutta admitted that he did not post the letter and so there is no evidence of actual despatch of the letter through the post office from which a presumption can be drawn about its having reached the addressee. It is also very curious that the letter would have been sent by ordinary post and not by registered post or through a peon book so that an acknowledgment or receipt might be obtained from the Company. The Treasurer's evidence that it was not so sent because it was not considered important enough can hardly be accepted. There is no allegation in the written statement of the Union that such a letter was sent. It was not also mentioned in the letter sent to the Assistant Labour Commissioner on 16th September 1958 enclosing the Union's charter of demands (Ext. A). It appears, however, that in a subsequent letter sent to him on 20th February 1959 it was mentioned that the agreement had been terminated by notice but no details nor the date of the notice were given. In this state of the evidence it is difficult to hold that a notice in terms of section 19(2) of the Industrial Disputes Act had actually been sent in the face of the Company's denial on the point. It has been argued that though the letter was addressed to the Manager of the Company, he has not come forward to deny its receipt. But the Manager signed and verified the written statement of the Company in which it was specifically stated that the agreement had not been terminated by any notice in writing. The Special Officer of the Company who deposed on the point is certainly competent enough to deny receipt of the alleged notice because if such notice had been received, it would have come to him in the normal course since he looks after the Labour relations and industrial adjudication matters of the Company. In the circumstances I am unable to accept the Union's case that a notice in writing terminating the agreement was actually sent to the Company.

It was argued, however, on behalf of the Union that no notice was necessary in this case in terms of section 19(2) of the Industrial Disputes Act because the agreement was for a fixed period of 3 years and it was provided in the agreement itself that after 3 years the scales and grades embodied therein would be open to review, modification, suspension or withdrawal. The provisions of section 19(2) requiring two months' notice applied according to this argument, only to an agreement in which no period had been fixed and not to an agreement which was for a fixed period and in this connection a decision of the Labour Appellate Tribunal in the case of India Reconstruction Corporation Ltd., reported in 1953-L.A.C.—563, was referred to. Section 19(2) provides that a settlement shall be binding for such period as is

agreed upon by the parties, and if no such period is agreed upon, for a period of six months, and shall continue to be binding on the parties after the expiry of the period aforesaid, until the expiry of two months from the date on which a notice in writing of an intention to terminate the settlement is gievn by one of the parties to the other party or parties to the settlement. In the above case it was held that in this sub-section the words "after the expiry of the perfiod of aforesaid" qualified the second period of six months mentioned therein and not the first period which was agreed to by the parties. A different view was, however, taken by the Calcutta High Court in the case of National Carbon Co., 1958-I—L.L.J. 472, and it was held that this sub-section requiring notice also applied where a period was agreed upon for the duration of the settlement and that the settlement would continue to be binding after the expiry of that period until a notice in writing was given of an intention to terminate it and two months thereafter had expired. There is nothing in the language of section 19(2) confining the requirement of notice only to settlements in which no period was fixed and I am unable, therefore, to accept the argument that no notice was necessary in this case.

Finally it was argued that so far as this settlement was concerned, the Company itself had repudiated and terminated it after the expiry of three years and, therefore, it was not open to the Company to complain that no notice had been given terminating it. But it is admitted that the Company did not issue any notice or anything in writing terminating the settlement. It is stated, however, that the Company repudiated it by its action in not granting the increments due under the time scales fixed thereby on the 1st Kartick 1364 B.S. and on the 1st Baisakh 1365 B.S. The Company's case is that the granting of annual increments was temporarily suspended during this period on account of its financial difficulties. Such action could not be said to amount to repudiation or termination of the settlement. The Company did not change any of the grades or scales of pay fixed thereby and has since restored many of the increments stopped. By the subsequent agreement with another Union of workmen the Company has confirmed the said grades and scales of pay. The binding character of the settlement could not have been destroyed by such action on the put of the Company which amounted at best non-implementation of its terms for a certain period. In spite of it the settlement continues to be binding on the Company since it has not been terminated in the manner required by section 19(2) of the Industrial Disputes Act and the Union which is the other party to the settlement cannot avoid it on any such ground until it is so terminated. I hold accordingly that the settlement still subsists and is binding on both parties.

Even apart from the question of notice terminating the settlement, the Union cannot ask for a revision of the grades and scales of pay fixed thereby without showing that there had been a material change in the circumstances necessitating its revision. This was laid down by the Supreme Court in the case of Burn & Co. and their workmen, reported in 1959-I—L.L.J. 450. In that case the wage scales for the workmen had been fixed by certain agreements concluded between the parties in 1950. Subsequently there was a demand for revision of the said wage scales which was referred to a Tribunal in 1955 and the scales were revised by the Tribunal. In appeal it was held by the Supreme Court that in the absence of anything to show that between 1950 and 1955 circumstances had so altered as to make the existing scales of pay and the grades unreasonable or inadequate to meet conditions prevailing at the time the industrial dispute had been referred to the Tribunal any revision of the existing scales or grades was unjustified. So far as awards of Industrial Tribunals are concerned, it is now well-settled that they are intended to have long term operation and are liable to be modified only by a material change in the circumstances on which they were based. Though we are not dealing with an award here, it is nevertheless true that if certain grades and scales of pay are fixed by a solemn agreement between the parties and they cover a long term and are thereby intended to have long term operation sufficient reasons must be shown why they should be changed at the end of 4 or 5 years. It was argued that the Union had agreed to these pay scales and grades not with a view to abide by them for a long term but only as a stepping stone to better pay scales and grades in future which means that the agreement was accepted as a mere stage in the prosecution of a prolonged struggle. Such an attitude was, however, condemned by the Supreme Court in the case of Burn & Co. and their employees, 1957-I—L.L.J. 226, with regard to awards and should also be condemned in respect of long term agreements which are as much binding on the parties as awards.

It is, therefore, necessary to consider whether there has been a material change in the circumstances since the date of the agreement which calls for a revision of the grades and pay scales fixed thereby and for that purpose it will be appropriate to set out at this stage the said grades and scales of pay for the different categories of workmen.

	C. B.A., B.Com. clerk 63 confirmation.	68	68—5—200 } E.B. at the 12th stage.

It will be seen from the above that the grades fixed were for long periods extending over 20 years or more which means that they were intended to have long term operation. The Union has criticised these grades on four main grounds which do not, however, bear scrutiny. The grounds are: (1) the minimum and the maximum of each grade and scale were too short and against all ethics of wage fixation, (2) the provision of efficiency bar was arbitrarily conceived and put in the otherwise defective scales to make the position worse, (3) the provision of the rate of annual increment in each scale was so small that it finds no parallel and (4) the scheme did not take into account the long period of service rendered by the workmen prior to fixation of the grades. The minimum taken in each case had, however, been fixed by previous adjudications and cannot, threfore, be said to be unfair. The maximum fixed in most cases was nearly double and in the case of the clerks more than double the minimum. The rates of annual increment which varied from Re. 1 to Rs. 5 according to categories cannot certainly be said to be inadequate. Efficiency bar after the stage of 12 years in a long term grade cannot also be said to be arbitrary or unreasonable. Since the Union agreed to these grades and pay scales and the annual increments with efficiency bar it must be presumed that it had considered them fair and reasonable in the circumstances then existing. It also agreed that there would be no adjustment or fitting in or pull up to place the workmen in the grades and scales as clause (4) of the agreement shows. Having agreed to all these condition it cannot now be allowed to turn round and complain that they were initially unfair or unreasonable. That complaint has no justification and there is also nothing to show that on account of any subsequent change in the circumstances the said grades and pay scales have since become inadequate and unreasonable.

It was suggested that the Union agreed to these grades for three years because the Company held out hopes of revision after that period and there was a provision in the agreement itself for review and revision. The Company has denied that any such hopes were held out. Reference has been made to clause (1) of the agreement which and is in these terms: "This pay scale and grade is agreed upon for the time being for a period of 3 years. This scale and grade has been adopted as an experimental measure to be reviewed, modified or suspended or withdrawn after 3 years depending upon the Company's business and financial condition". It is clear that this clause was put in the agreement at the instance of the Company and in its own interest because it was mentioned that the review or modification or suspension or withdrawal of the grades and scales would depend upon the Company's business and financial condition. The agreement did not, therefore, contemplate a revision of the grades and pay scales for the better at the end of the three year period. The only provision in the agreement in which such revision was contemplated in clause (II) which provided that the existing rate of dearness allowance would be liable to adjustment in the event of a substantial change in the working class cost of living index and on the strength of

this clause the rate of dearness allowance was revised by a subsequent award in 1957 which was confirmed by the Supreme Court on appeal. The Supreme Court in construing the agreement in the said case held that it was a full settlement of all the disputes between the parties arising out of the charter of demands of 25th June 1953 and that the entire situation obtaining on the date of the agreement had been reviewed by the parties when they agreed to the terms embodied therein (1959-I—L.L.J. 413).

It would appear from the awards of the earlier adjudications that the Company had opposed introduction of grades and scales on account of its financial difficulties and incapacity to bear the burden and that the Tribunals had accepted the Company's case and refused to introduce grades and scales on that ground. The balance-sheets of the Company show that its financial position did not improve in the years subsequent to 1954 when the agreement was concluded and on the other hand, it greatly deteriorated in 1957 when three year period fixed by the agreement expired. The profits varied between ten and eleven lakhs of rupees during 1953-54, 1954-55 and 1955-56, but in 1956-57 it came down to Rs. 6,82,375. The Company had accordingly to suspend the increments due in 1957-58. During that year the profits rose to Rs. 10,49,360 and the increments were to some extent restored. In the year ending on 31st March 1959, however, the profits amounted to Rs. 15,85,497. This rise, it is contended, is a material change in the circumstances necessitating a revision of the pay scales. But taking into account the fact that up to 1957-58 the profits never rose beyond the limit of 1954 when the grades and scales were fixed and there was a big drop in one intervening year, the mere fact that there had been better profits in the last year is not a sufficient change in the circumstances warranting a revision of the scales.

The Union has attempted to show by reference to the wage scales of certain other chemical industries that these grades and pay scales were not fair. One of these is Messrs. Alkali and Chemical Corporation of India and another is Boots Pure Drug Co. of Bombay. With regard to the former reference was made to an agreement published in Bengal Labour Gazette, December, 1957 and with regard to the latter a copy of an agreement was filed with the written statement. No evidence was given as to whether they are comparable concerns and as to their resources. A concern at Bombay cannot obviously be a comparable concern. Evidence was next given about the pay scales and grades of two concerns in Calcutta, viz., Calcutta Chemical and East India Pharmaceutical Works Ltd. So far as the Calcutta Chemical is concerned it has been admitted that the said Company has not adopted any graded scales of pay and that there has not been any adjudication or award. Similarly with regard to the East India Pharmaceutical Works Ltd. it is admitted that there is nothing in writing to show the grades and scales adopted by it. No evidence has been given to show that they are comparable concerns in all respects or about their financial condition and resources. The same thing may be said about Smith Stanistreet & Co. I may also mention that in a previous adjudication in 1951 the Industrial Tribunal and the Labour Appellate Tribunal did not consider Smith Stanistreet & Co. to be a comparable concern.

The Company has since revised the minimum basic wage fixed by the Labour Appellate Tribunal in 1951 and raised it to Rs. 30 and on that basis a fresh agreement has been made with another Union of workmen confirming the grades and scales of the agreement of 1954 with this modification in the basic wage. Since the workmen represented by the said Union consider the grades and pay scales to be fair, it cannot be said that the general body of workmen wanted to reject as unfair and unreasonable. It has been suggested that the said Union has been sponsored by the Company but there is no evidence in support of this suggestion. Whatever the strength of that Union may be, the fact remains that a body of workmen want to retain these grades and pay scales and in these circumstances the onus is heavily on the workmen who suggest that they are unfair and unreasonable and require revision to prove their case. That onus has not been discharged and on the other hand the Company has proved that there has been no material change in its financial condition and resources since the date of the agreement which would justify a revision of the said pay scales and grades in the light of the demands made by the Union. I award accordingly that the grades and pay scales as fixed by the agreement of 15th September 1954 (Annexure B of Ext. B) and as modified by the subsequent agreement between the Company and the Bengal Chemical Mazdoor Sangha dated 11th February 1959 (Ext. C) should prevail.

The agreement did not fix any grades and scales of pay for certain categories, viz., chemists, engineers and doctors, etc. and it was mentioned in clause 8 of the agreement that their grades would be finalised as soon as circumstances permitted. The Union has now claimed certain grades for some of them and it has been argued that there can be no objection to fix their grades since the agreement did not cover their case. It appears that in a previous adjudication in the year 1956 a demand for grades and scales of pay for these categories, viz., chemists, doctors, salesmen—medical and non-medical was made but that was rejected on the footing that they had not been shown to be 'workmen' as defined in the Industrial Disputes Act. It has been argued that in consequence of the amended definition of 'workmen' by Act 36 of 1956 these categories should now be considered to be 'workmen'. The award in the adjudication mentioned above was made on 14th November 1957 and it has been contended on behalf of the Company that the amending Act had come into operation before that award. It is not, however, clear from the award, which is published in the volume of "Awards made by the Tribunals for the quarter ending December 1957 (Government of West Bengal, Labour Department)" whether the amended definition was considered by the Tribunal. The Tribunal did not made any finding on the point but held that it was not competent to adjudicate upon matters relating to these categories as no

evidence had been given about their duties. No evidence on the point has been given before me also. It is not, however, necessary to decide this matter because the demand regarding them will fail on another ground, viz., that it is not covered by the issues mentioned in the order of reference.

Issue No. 1 referred to the Tribunal for adjudication does not mention any categories of workmen. The issue is in a general form and mentions only "grades and scales of pay". The Company has filed the original charter of demands submitted by the Union on the basis of which this reference has been made and has pointed out that no demand for fixing grades and scales of pay for these categories, viz., chemists, doctors and salesmen was made at that time. This charter of demands is dated 16th September 1958 and was addressed to the Assistant Labour Commissioner (Ext. A). It wanted a revision of the grades and scales of pay only for these categories of workmen for whom grades and scales of pay had been fixed by the agreement. There is nothing to show that any demand for fixation of pay scales and grades for doctors, chemists and salesmen was ever made either to the Company or to the Labour Commissioner at any other time. The order of reference mentions an existing dispute and not an apprehended dispute. It is in these terms: "Whereas an industrial dispute exists.....relating to the undermentioned issues". It is that existing dispute in relation to the two issues which has been referred to the Tribunal. Since the issue No. 1 of the order of reference does not name or specify the categories in respect of whom there is an existing dispute relating to grades and scales of pay the issue or the dispute will have to be interpreted in terms of the original demand which gave rise to the dispute and on the basis of which the reference was made and there being no demand for grades and scales of pay for these categories in the said demand it will have to be presumed that there was no existing dispute regarding their grades and pay scales. The Union cannot in these circumstances be permitted to include a new demand in its written statement and thereby raise a new dispute and call upon the Tribunal to adjudicate upon the same. The grades and scales of pay to be fixed by the Tribunal must be taken to be confined to the original charter of demands which raised the dispute and as the order of reference confers jurisdiction upon the Tribunal to adjudicate upon the dispute specified therein it must be held that this Tribunal has no jurisdiction to adjudicate upon the new dispute or demand raised by the Union for the first time in its written statement.

Issue No. 2: The demand on this issue is that the age of retirement of the employees should be fixed at 60 years. The Company fixed the age of retirement at 55 years in 1957 (Ext. F). The Standing Orders adopted by the Company in 1948 mentioned the same age of retirement with provision for extension of service up to 60 years at the Company's discretion (Ext. C). In 1950 a revised set of standing orders was adopted by the Company in accordance with the directions contained in an award made by Shri S. N. Modak, It appears from the said award which is published in the volume for the quarter ending December 1949 of "Awards made by the Tribunals" that no dispute had been raised at the time regarding the age of retirement. The Standing Orders adopted then maintained the same age of retirement with the same provision for extensions (Ext. G1). The agreement of 1954 provided in clause (3) that the age of retirement mentioned in the Standing Orders should be strictly followed and that extension, if any, after 55 years would depend upon the Company's discretion. The present demand was advanced for the first time in the charter of demands dated 16th September 1958 (Ext. A). The grounds advanced for this demand as explained in the written statement are that the whole conception of retiring age has since undergone a change and that the longivity of the people in general has increased. It is also said that in some concerns the retiring age has been fixed at 60 years and reference has been made to the decision of the Supreme Court in the case of Guest, Keen, Williams Co., Ltd. vs. Sterling, reported in 1959-II—L.L.J. 405. But that decision has no application to the facts of this case. What happened in that case was that there had been no retiring age for the employees of that Company until it adopted certain Standing Orders in 1953 fixing the age of retirement at 55 years and on the strength thereof retired some employees in 1954. It was held that the said Standing Orders were not applicable to the employees who had been in service before they were adopted and that in their case the age of retirement should be fixed reasonably at 60 years. In the present case the retiring age having been fixed at 55 years in 1937 and the employees having accepted that condition of service without any protest until 1958 cannot invoke the principle laid down in the above case for raising the retiring age to 60 years. It is not a question of fixing the retiring age for the first time for employees who had entered service under different expectations when there was no fixed retiring age. There is also no evidence that the retiring age is generally 60 years in comparable concerns. The question of longivity is irrelevant in this connection. I award therefore that no case has been made out for revision of the present retiring age of 55 years.

Engineering Works of India Private Ltd., Gun Foundry Road, Calcutta-2, and one of their workmen represented by Engineering Works of India Mazdoor Union, 1 Gouri Bari Lane, Calcutta-4, to the Second Labour Court for adjudication regarding the matter mentioned in the order of reference.

Issue

Whether the termination of employment of Shri Gopal Chandra Das is justified. To what relief, if any, he is entitled?

AWARD

The case of the Union, briefly stated, is as follows:

The employees of the Company formed themselves into a trade union and placed a charter of demands before the Company. The Company thought that Shri Gopal Chandra Das was responsible for the formation of the Union and

wanted to punish him for that reason. On 27th December 1958 the Company issued a charge-sheet to Shri Gopal Chandra Das and suspended him forthwith. He gave an explanation of the charge-sheet on 30th December 1958. The incident according to the Union is that Shri Gopal Chandra Das went out with permission for taking tea and a darwan named Raj Bahadur used filthy language to him without any reason. He took an exception to this. He was later asked by the Company to attend an enquiry by a letter, dated 31st December 1958. The enquiry was, however, not properly held. Thereafter the Company dismissed him. The Union contends that the dismissal of Shri Gopal Chandra Das is wrong, as no proper enquiry was held.

The Company denies that it had any grudge against Shri Das. Its case in brief is as follows:—

On 26th December 1958 at about 7-20 a.m. Shri Das was found wasting time during working hours on the pretext of taking tea from a shop outside the factory gate, although there is a canteen inside the factory premises. Shri Raj Bahadur Singh, a durwan on duty at the gate, saw Shri Das standing near the gate and asked him not to waste time, but to go to his work. At this Shri Das became furious and dashed towards the durwan in an assaulting manner and threatened him with dire consequences. He was, however, prevented from actually beating the durwan by Shri Ram Prosad Pandey and others. The durwan reported the incident to the Manager who issued a charge-sheet to Shri Das and suspended him for security reasons. He submitted an explanation on 30th December 1958 and thereafter an enquiry was held on 2nd January 1959 in presence of Shri Gopal Chandra Das. On the basis of the evidences adduced at the enquiry the Company was satisfied that Shri Das was guilty of the charges mentioned in the charge-sheet, viz., loitering and wasting time during working hours and threatening and assaulting the durwan, Shri Raj Bahadur Singh. So the Company dismissed him by a letter, dated 2nd January 1959.

Decision

O.P.W. 2 Shri Chandrama Singh who is the Labour Officer of the Company says that he held the enquiry and that he examined some witnesses on behalf of Shri Raj Bahadur Singh and Shri Gopal Chandra Das. But Shri Gopal Chandra Das says that only Shri Raj Bahadur Singh was asked certain questions by the enquiring officer and that he was not allowed to cross-examine Shri Raj Bahadur Singh. Shri Chandrama Singh says that Shri Das refused to cross-examine the witnesses who are alleged to have deposed on behalf of Shri Raj Bahadur Singh. But there is no note in the enquiry proceedings (Ext. D) that Shri Das declined to cross-examine the witnesses; only on the statement of one Sitaram Agarwal it has been noted that there is no cross-examination by Shri Das. O.P.W. 4 Shri Ram Prosad Pandey admits that the enquiring officer did not ask Shri Gopal Chandra Das to cross-examine him. All these statements go to support the contention of Shri Das that he was not allowed to cross-examine witnesses at the enquiry. I therefore hold that there has been violation of the principles of natural justice on the ground that Shri Das was not allowed to cross-examine the witnesses. Hence I turn to the evidences before me.

The main charge against Shri Das is that he wasted time. It has been admitted by O.P.W. 4 Shri Chandrama Singh that it is the duty of the man-in-charge of a department to see that the workers under him who go out to the urinal or the latrine return in time. So whether a workman wastes time or not should be the look-out of the man who supervises his work. Shri Chandrama Singh, however, says that one of the duties of a durwan at the gate is to see that workers do not waste time outside. Such a duty on the part of a durwan appears to me to be unusual. Shri Chandrama Singh has not produced any paper to show that such is the duty of a durwan of this Company. It is admitted by the durwans that they did not report earlier any case of wastage of time by any worker. So I refuse to believe that it was the duty of the durwan to see whether workers wasted time. Excepting the verbal testimony of the durwan there is no evidence to show that Shri Gopal Chandra Das wasted time on the date in question. Shri Chandrama Singh has stated in his report of enquiry (Ext. D-1) as follows:—

> "According to Shri Gopal Chandra Das this accident happened at about 7 a.m., whereas it was alleged by the management that this occurence took place at about 7-20 a.m. But this discrepancy in time is not very material."

It appears from the evidence that the time of the incident is very material for determining the first charge against Shri Das. It is admitted on all hands that he came out of the factory at 7 a.m. If the incident took place at 7 a.m., there was hardly any time to be wasted. I have already held that it cannot be the duty of a durwan to detect wastage of time by workers. So Shri Raj Bahadur Singh, the durwan in question, was either over-zealous or had some grievance against Shri Das. So he went out of his way to chastise Shri Das on the fancied ground that the latter was wasting time. On the solitay evidence of Shri Raj Bahadur Singh it cannot be held that Shri Das wasted time.

As to the second charge, viz., threatening and assaulting the durwan, the evidence adduced before me leads me to the conclusion that there is much truth in this charge against Shri Gopal Chandra Das. But he had sufficient provocations. A technical hand working in a factory can hardly be expected to take chastisement from a gate durwan in a good grace. So this losing of temper on the part of Shri Das does not call for the extreme punishment meted out to him.

In view of the above considerations, I hold that the termination of employment of Shri Gopal Chandra Das is not justified. I therefore, order that he should be reinstated. As however, his conduct in the incident has been rather unseemly, I order that he should not get any compensation during the period he has been out of employment. This period should be treated as a period spent on leave without pay.

The above order shall take effect within 15 days of the publication of this award in the "Calcutta Gazette".

ANNEXURE

In the matter of an industrial dispute between Messrs. The Esavi India Match Manufacturing Co., 47 Muraripukur Road, Calcutta-11, and their workmen represented by Esavi Match Mazdoor Union, 242/2 Manicktolla Main Road, Calcutta-11. (Case No. VIII-54/60.)

BEFORE THE FIRST INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri M. C. BANERJI, District Judge (Retd.), Judge, First Industrial Tribunal.

For Esavi Match Mazdoor Union: None.

For the Company: Shri S. K. Bhattacharjee and Shri M. Ghosh, Advocate, of the Association of Manufacturers, Commercial and Traders, West Bengal.

AWARD

1. The Government of West Bengal, in the Labour Department, by order No. 682-I.R./IR/11L-362/59, dated 19th February 1960, referred under sections 7A and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. The Esavi India Match Manufacturing Co., 47 Muraripukur Road, Calcutta-11, and their workmen represented by Esavi Match Mazdoor Union, 242/2 Manicktolla Main Road, Calcutta-11, relating to the following issues to this Tribunal for adjudication.

Issues

(1) Revision of piece rate wages.

(2) Fixation of working hours for monthly paid staff.

(3) Fixation of minimum rates of wages for the different categories of workmen.

2. Notices were issued on both the parties. The Union did not appear inspite of due service of notice. The Company appeared and filed its written statement. The case was heard in the absence of the Union.

3. The Company was represented by Shri S. K. Bhattacharjee and Shri M. Ghosh, Advocate, of the Association of Manufacturers, Commercial and Traders, West Bengal.

4. The issues that arise for decision in this case are the same as those mentioned in the order of reference and stated above.

Decisions

5. **Issue No. 1—Revision of piece rate wages:** The Company states in its written statement that there is another Union, namely, Esavi India Match Mazdoor Union, Registered No. 2685, which proved its representation on behalf of the workmen employed by the Company by overwhelming majority, for which the Company opposite party gave due recognition to it. The Company in all matters relating to workmen under employment has been directly negotiating with the recognised Union and that several agreements have been arrived at between the Company opposite party and this Union, which are still in force and binding on both the parties.

6. As to Issue No. 1, the Company states that the piece-rates prevailing in the factory relate to only box-filling section and such rates have been fixed in agreement with the Union at 16 nP. per tray. Besides the above direct basic piece-rates, the workers of this section are having dearness allowance and grade benefits, which altogether bring the total income to a level of Rs. 117.20 nP. to 121.20 nP. per head per month of 26 working days. This shows that the workers concerned are earning substantially, though their nature of work is of unskilled type, more or less. The grade benefits are enhancing yearly even to the piece-rated workers of this section.

7. Evidence was adduced by the Company, Shri M. T. Basrai, the Manager of the Factory, deposed for the Company. Documents Exts. A to A(9), being 10 Agreements made between the Company and the Esavi India Match Mazdoor Union, were proved for the Company.

8. It appears that in the Box-filling Section, the piece-rate is at 14 nP. per tray under Agreement, Ext. A(2), dated 19th June 1956, and by Agreement, Ext. A(2), dated 17th March 1959, the Production Bonus of 2 nP. per tray has been added to the piece-rate, making the piece-rate at 16 nP. per tray. It appears from the evidence that the average

income of the worker is from Rs. 117.20 to Rs. 121.20 nP. per head per month of 26 working days. Ext. A(3) shows that the wage of the Box-filling Section on the basis of piece-rates is also increased annually by automatic annual increments, as mentioned in clause (c) of the deed of Agreement, Ext. A(3). It, therefore, appears that the piece-rates are also increased annually by automatic increments. The Company also pays a guaranteed bonus, irrespective of loss or profit.

9. Considering all these circumstances, I do not find that there is any reasonable ground for revision of the piece-rate wages of the workers.

10. This Issue is accordingly answered.

11. **Issue No. 2—Fixation of working hours for monthly paid staff:** The working hours of the monthly-paid staff are 8 in the day and it is from 7 a.m. to 4-30 p.m. with an interval of 1½ hours. This working time is also followed in pursuance of an agreement. There was a dispute over the working hours, and by the Agreement, Ext. A(9), dated 17th March 1959, it was agreed that the present working hours, extending to 8 hours both for workers and the monthly-paid staff with the present system of commencing and closing time was suitable to all and should not be changed. The existing working hours should, therefore, continue.

12. This Issue is accordingly answered.

13. **Issue No. 3—Fixation of minimum rates of wages for the different categories of workmen:** The other categories of workers are daily-rated and the minimum rates of wages in daily-rates for the different categories of daily-rated workmen are as follows:—

		Rs. nP.
(1) Masdoors	...	2.20 per diem.
(2) Helpers	...	2.38 per diem.
(3) Machinemen	...	2.83 per diem.
(4) Special jobs	...	3.00 per diem.
(5) Departmental Mistri	...	3.20 per diem.

These wages include dearness allowance of Re. 1 per diem. The basic wages of these categories of workers were first fixed by the Agreement, Ext. A(3), dated 5th October 1956, and the basic wages per day were increased with effect from 1st January 1960 by document, Ext. B. to Re. 1.20 for Masdoor, Re. 1.38 for Helpers, Re. 1.83 for Machinemen and Rs. 2.00 for Special Job and Rs. 2.20 for Departmental Mistri. Ext. A(8) dated 2nd September 1958 shows dearness allowance at Re. 1 per day from 1st January 1960. It also appears that all categories of workmen, both daily-rated and piece-rated, get annual increment varying from Re. 1 to Rs. 5 per month. A Durwan on the date of his joining gets Rs. 67 per month. The minimum wage for a Driver is Rs. 102 per month. The minimum wage for a clerical staff is Rs. 100 and that for a Supervisor is Rs. 140 per month. These workmen also get facilities of annual increments. The workmen in the Veneer-making Department from the Coolies to a Mistri get a production bonus, which ranges from Rs. 5.72 to Rs. 36.60 per month. In the Box-making Department, the production bonus varies between Rs. 4.94 to Rs. 29.64 per month. In the Splint-making Section, the production bonus varies between Rs. 7.80 to Rs. 29.90 per month. In the Frame-filling Section, the production bonus is Rs. 20.80 per month. In the Frame-mounting Section, the production bonus is Rs. 32.50 per month. In the Band-rolling Section, the production bonus is Rs. 19.50 to Rs. 29.12 per month. In the Level Section, the production bonus is Rs. 21.06 per month. In the Dozen Section, the production bonus is Rs. 19.15 per month. These payments are covered by Agreements, Exts. A(6) and A(7). It also appears from Ext. A(4) that the benefit of provident fund is given to all categories of monthly-paid permanent employees, as for example, Drivers, Durwans, Sweepers, etc. and certain monthly-paid employees are provided with at least two sets of uniforms to be used when on duty. There is also a provision for death benefit for all categories of workers. Considering all these circumstances, I find that the minimum rates of wages for the different categories of workmen, being daily-rated and monthly-rated, as they are paid at present, are reasonably fair and they required no revision.

14. This Issue is accordingly answered.

AWARD

By Government order No 1387-I R /IR/10L-53/59, dated the 7th April 1959, a dispute between Messrs Bongaon Electric Supply Co, Ltd (hereinafter referred to as the Company) and their workmen represented by the Bongaon Electric Supply Workers' Union was referred to this Tribunal for adjudication The award regarding the dispute was published in the "Calcutta Gazette", dated 26th September 1959

On 15th February 1960 Shri Amarnath Garoria (hereinafter referred to as the petitioner), a workman of the Company has filed the instant application under section 33A of the Industrial Disputes Act His case is that he was suspended by the Company on and from 25th June 1959 during the pendency of the aforesaid reference in this Tribunal: that no enquiry has been made against him by the Company and that the prolonged suspension is unjust, mala fide and contrary to law and it amounts to punishment as well as change of

service conditions. So, he has prayed for a direction on the Company to allow him to resume his work and to pay him full wages for the period of forced unemployment.

The Company has filed a written statement It contends that the application is not maintainable under the law; that the Tribunal has no jurisdiction to entertain it and that the allegations of the petitioner are false and baseless

After several adjournments on the prayer of the Company as well as of the petitioner the final date of hearing has been fixed for today, but the petitioner has not appeared today, nor taken any step The Company is present through its learned representatives. Heard arguments.

The instant application under section 33A is liable to be rejected for the following reasons:—

(1) It has not been stated by the petitioner in his application as to the reason why he was suspended by the Company; so, it cannot be ascertained whether the suspension was for any misconduct on his part connected with the dispute or not connected therewith; so, it is very difficult to hold how the instant application lies under section 33A of the Industrial Disputes Act Because, on a perusal of the application, it cannot be held prima facie that the Company has contravened any of the provisions of section 33A of the Act in passing the alleged order of suspension against the petitioner Further, suspension pending enquiry is no punishment, nor can it be said that it is a change of the conditions of the service of the workman concerned In this view also the instant application does not lie under section 33A of the Act

(2) The award in the aforesaid dispute between the Company and the workmen was published in the "Calcutta Gazette", dated the 26th September 1959 The instant application has been filed by the petitioner on 15th February 1960 He has not given any explanation of this undue delay in filing this application, so it must be held that the Tribunal has no jurisdiction to entertain this application under section 33A of the Act after the expiry of more than five months since the publication of the award.

As a result, it is held that the instant application under section 33A of the Industrial Disputes Act is rejected for the reasons aforesaid as well as for non-prosecution by the petitioner

This is the award of the Tribunal.

No. 3024W.T.—10th May 1960.—In exercise of the powers conferred by proviso to article 309 of the Constitution of India, the Governor is pleased to make the following rules, viz.:—

RULES

1. These rules shall be called the Directorate of Transportation, West Bengal (Leave) Rules, 1960.

They shall be deemed to have come into force with effect from 1st April 1959. These rules supersede the existing leave rules of the Directorate issued under Home Department, Transport, letter No. 7242W.T./1E-13/48, dated 6th October 1950, as amended from time to time.

2. These leave rules shall apply to all grades of employees under the Directorate of Transportation, West Bengal. In the cases of employees who have lien on substantive appointments in other departments or offices of Government (State or Central) the leave rules applicable to them in their substantive appointments will continue to apply until the lien on their substantive appointments is terminated.

3. **Classification of staff.**—For the purpose of these rules, the staff under the Directorate are broadly classified under the following three groups:—

(i) Members of the staff as enumerated in Appendix A.

(ii) Members of the staff as enumerated in Appendix B.

(iii) Members of the staff as enumerated in Appendix C.

4. **Definition: Weekly holidays.**—Sundays are ordinarily to be considered as weekly holidays.

5. **Festival holidays.**—Holidays declared under the Negotiable Instruments Act are to be considered as festival holidays.

6. **Compensatory leave.**—Leave granted in lieu of duty performed on Sunday or weekly-off days or holidays.

7. **Weekly holidays.**—(i) Staff under Appendix C may ordinarily be given holidays on Sundays: Provided that if an employee is called upon to work on Sunday, he may be subsequently given a day's compensatory leave. Such compensatory leave may be granted in conjunction with other holidays and may either be prefixed or affixed to such holidays but may not be both prefixed and affixed to holidays and may not be combined with casual leave or other regular leave.

(ii) The staff under Appendices A and B when called upon to work on Sunday may be given one off-day in the week: Provided that if the off-day cannot be availed of by an employee in the interest of public service, he may be subsequently given a day's compensatory leave. Such compensatory leave may be granted in conjunction with other holidays and may either be prefixed or affixed to such holidays but may not be both prefixed or affixed to holidays and may not be combined with casual leave or other regular leave.

8. **Festival holidays.**—(i) Staff under Appendix C are entitled to all festival holidays declared under the Negotiable Instruments Act.

(ii) Staff under Appendices A and B are entitled to 12 paid festival holidays in a year as detailed in Appendix E. If a person is called upon to work on such holidays he will be entitled to compensatory leave in lieu of such holidays: Provided that such compensatory leave may be granted only in the month in which it is earned or in any case in the next following month, and should in no case exceed 2 days at a time. Such leave in excess of 2 days at a time may however be granted by the appropriate authority at his discretion only if the person concerned gives notice for this purpose at least 3 days in advance. This leave may be affixed or prefixed to regular

earned leave but not to casual leave subject to the condition that if such compensatory leave is taken during the first six months of any calendar year, not more than 6 days may be so affixed or prefixed. No compensatory leave can be taken in advance.

Note I.—(i) All compensatory leave will lapse at the end of the financial year.

(ii) As an exception, staff shown in Appendices A and B who are entitled to 12 paid festival holidays in a financial year or compensatory leave in lieu of such holidays, but have not availed of fully or partly such holidays or compensatory leave by the 31st March shall be entitled to additional earned leave to the extent of holidays or compensatory leave not availed of up to a maximum of 6 days.

9. **Leave.**—Leave cannot be claimed as of right. When the exigencies of public service so require discretion to refuse or revoke leave of any description is reserved to the authority empowered to grant it.

10. **Casual leave.**- Ten days' casual leave in a year on full pay will be granted to all categories of staff, as noted below:—

(i) For staff in Appendices A and B—not more than 2 days in a month.

(ii) For other staff—not more than 7 days' casual leave shall ordinarily be granted at a time. Casual leave cannot be combined with any other kind of leave or festival holidays and will not be carried over from one year to another and will not be granted so as to cause an evasion of normal rules regarding the—

(a) date of reckoning allowances,

(b) charge of office,

(c) commencement and end of leave, and

(d) return to duty or so as to extend the term of any leave beyond the time admissible by rule.

11. **Earned leave.**—(i) Fifteen days' leave on average pay for every year's duty will be granted to all categories of staff. Leave may be allowed to accumulate up to 90 days. Leave admissible on account of service extending over an incomplete year may be calculated on a Pro-rata basis:

Provided that such an employee will not be allowed to enjoy earned leave for more than 60 days in a year out of the total earned leave due and provided further that in the case of employees mentioned in Appendices A and B such leave at a time on full average pay shall not exceed 30 days.

(ii) The following officers under Appendix C who could not avail fully of compensatory leave in lieu of working on Sundays and holidays by 31st March, will be allowed additional earned leave to the extent of compensatory leave not availed of subject to the maximum of 10 days in a year over and above the earned leave admissible under clause (i).

Such medical leave may be allowed to accumulate up to a maximum of 60 days,

commutable to 30 days on average pay and in case of protracted illness only, subject to the following conditions:—

If any person has earned leave of 30 days or more at his credit, he may be granted earned leave only and will not be entitled to the benefit of accumulation or commutation of medical leave. The benefit or commutation will be admissible only when earned leave at the credit of a person falls short of 30 days, to the extent the earned leave thus falls short; and the period of accumulation will be to the extent of double the period of commutation admissible.

13. **Maternity leave.**—Maternity leave with full pay may be granted to a female employee up to four weeks prior to and four weeks after the date of her confinement, provided that she has been in Government service for at least nine months—immediately preceding the date of delivery.

14. **Extraordinary leave.**—Extraordinary leave without pay not exceeding 3 months on any one occasion may be granted to all grades of employees in special circumstances—

(a) When no other leave is by rule admissible.

(b) When other leave is admissible but an employee applies in writing for extraordinary leave. (*See* relaxation in Appendix D.)

15. **Injury leave.**—Injury leave may be granted on half average pay to the staff as enumerated in clause (a) of Appendix A and under clauses (a), (b) and (c) of Appendix B, if the injury is accidentally incurred in or in consequence of the performance of the employees' official duties. The period of such leave may be such as certified by a registered medical practitioner either appointed by the organisation or formally recognised by the Directorate and shall in no case exceed three months.

Note.—In the case of a person to whom Workmen's Compensation Act applies, the amount of leave salary payable under these rules shall be reduced by the amount of compensation payable, if any, under the relevant clauses of the said Act.

16. **Special disability leave.**—On special occasions when the performance of duty is rendered more risky due to strike, hartal, etc., in and around Calcutta, the staff enumerated in rule 15 above, who is disabled by injury inflicted or caused in or in consequence of due performance of his official duties, may be granted special disability leave on full pay. The period of such leave may be such as may be certified by the Medical Officer of the Directorate and shall in no case exceed 3 months.

Note.—In case of a person to whom Workmen's Compensation Act applies, the amount of leave salary payable under these rules shall be reduced by the amount of compensation payable, if any, under the relevant clause of the said Act.

17. **Quarantine leave.**—Quarantine leave for a period not exceeding 21 days, or in exceptional circumstances 30 days, may be allowed to all grades of employees on production of a certificate of a Medical or Public Health Officer corroborating the presence of infectious disease in the family or household of the employees. The quarantine leave is not to be treated as absence from duty and the pay is not to be intermitted.

18. **Leave salary.**—Leave salary of an employee will be equal to his average pay or to his average substantive pay for the 12 complete months preceding the month in which leave is taken, whichever is greater.

19. Leave at the credit of a Government servant in his leave account under the existing leave rules shall be carried forward to the leave account under the Revised Leave Rules with effect from 1st April 1959 subject to the limits prescribed in rules 11 and 12 ibid.

2. Leave cannot be claimed as of right. When the exigencies of the municipal service so require, discretion to refuse or revoke leave of any description is reserved to the authority empowered to grant it.

3. Any kind of leave under these rules may be granted in combination with or in continuation of any other kind of leave except casual leave.

4. No leave shall be granted beyond the date on which a municipal officer or servant must compulsorily retire:

Provided that, if a municipal officer or servant has applied in writing for earned leave due to him preparatory to retirement and has on account of the exigencies of the municipal service been denied that leave in whole

or in part by the authority empowered to grant it, the said authority may grant to the municipal officer or servant the whole or any portion of the earned leave so denied, even though it extends to a date beyond the date on which such officer or servant must compulsorily retire:

No. 2348-I.R./IR/11L-314/59.—13th May 1960.—Whereas under the Government of West Bengal, Labour Department, order No. 5029-I.R./IR/11L-314/59, dated the 22nd October 1959, read with its addendum No. 482-I.R./IR/11L-314/59, dated the 9th February 1960, the industrial dispute between the Brahmachari Research Institute, 82/3 Cornwallis Street, Calcutta-4, and their workmen represented by the Brahmachari Research Institute Karmachari Samity, 82/3 Cornwallis Street, Calcutta-4, regarding the issues mentioned in the said order being matters specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Fourth Industrial Tribunal;

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Brahmachari Research Institute, 82/3 Cornwallis Street, Calcutta-4, and their workmen represented by the Brahmachari Research Institute Karmachari Samity, 82/3 Cornwallis Street, Calcutta-4. (Case No. VIII-171/59.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri K. K. MITRA, Judge, Fourth Industrial Tribunal.

For the Union: Shri P. P. Pathak.

For the Company: Shri S. C. Sen, Advocate.

An industrial dispute between Messrs. Brahmachari Research Institute, 82/3 Cornwallis Street, Calcutta-4, and their workmen represented by the Brahmachari Research Institute Karmachari Samity, 82/3 Cornwallis Street, Calcutta-4, over the following issues, has been referred to this Tribunal for adjudication, by the Government of West Bengal, Labour Department, order No. 5029-I.R./IR/11L-314/59, dated the 22nd October 1959, and subsequent addendum No. 482-I.R./IR/11L-314/59, dated the 9th February 1960.

Issues

(1) Dearness allowance.

(2) Gas allowance.

Both parties filed, in usual course, their respective written statements. At the time of hearing parties did not adduce any oral evidence, but relied upon certain documents, which are marked as exhibits without objection by the other side.

AWARD

From the written statement filed by the workmen represented by the Brahmachari Research Institute Karmachari Samity, it appears that they want to make out a case that the present rate of dearness allowance is wholly inadequate and the Company is financially sound enough to meet the claim of the workmen as to increase in dearness allowance without any difficulty. Regarding issue No. 2, which had been added to the order of reference by a subsequent order, their case is that the workers of (i) Filling and Sealing (Powder and Liquid), (ii) Redistilled Water Manufacturing, (iii) Arsambide and Atoxyl, (iv) Stibinol, and (v) Quinambic, have to work in relation to gas and that the workers engaged in work connected with the gas should be given an additional remuneration at the rate of Rs. 15 per month. The Union prays for an award directing the Company to introduce a scheme of dearness allowance and gas allowance, as claimed, with retrospective effect from 8th August 1957, i.e., from the date of filing of the charter of demands.

The contention of the employer, on the other hand, is that though the financial position of the Company has improved to a certain extent, it has not yet attained that stage of stability to bear any further financial burden. Regarding the claim for gas allowance the specific case of the employers is that the workers are not required to handle any injurious gas so far as (i) Filling and Sealing (Powder and Liquid), (ii) Redistilled Water Manufacturing, are concerned, and that for the work in the other three departments the particular worker or workers are paid extra allowance at the rate of 0.62 nP. per day on those days when they actually handle injurious gases. Such work in gas falls in rotation according to exigencies of circumstances.

Issue No. 1

Admittedly, at the moment the sub-staff, i.e., the bearers and the durwans are paid Rs. 15 and the other workmen drawing basic pay up to Rs. 150 are paid Rs. 20 as dearness allowance at flat rate. There is also no controversy on the point that the workmen are getting dearness allowance at the abovementioned rates since 1949. It is also the common case of both the parties that the scales of pay and the rates of dearness allowance has been fixed by an agreement in July 1949. A dispute arose between the parties relating to the question of dearness allowance as well as on the point as to whether the employees were entitled to get increment as fixed by the scales and grades by the agreement of 1949. The said dispute was referred to the tribunal for adjudication in February 1953. An award was given on those two issues by Shri G. Palit, Judge, Fifth Industrial Tribunal. Ext. C is the award given by Shri Palit. The award was made on the 17th May 1954, and it was published in the "Calcutta Gazette" on 10th June 1954. The learned Tribunal found that the workers were entitled to get the increment. I have carefully gone through the award. Regarding issue No. 2, i.e., the claim of dearness allowance, the learned Tribunal refused the claim for increase of dearness allowance. It is, however, pertient to observe that

the learned Tribunal took it that Rs. 25 or Rs. 30 was the flat rate of dearness allowance. Obviously that was not correct. As a matter of fact, the rate, as I have already stated, was Rs. 15 for the sub-staff and Rs. 20 for others up to the pay range of Rs. 150.

The question of dearness allowance has got to be decided with due regard to the increase in cost of living. But at the same time it is well established that the extent of neutralisation with the increase in cost of living would depend upon the financial position of the Company. The normal course therefore for a partial neutralisation is possible with respect to comparatively small industrial establishment. The Union submitted the Cost of Living Index numbers for Calcutta with respect to middle class people as compiled by the "Capital". That statement which is marked as Ext. 3, give the figure at 391 point in August 1954, and the figure at 457 point in November 1959. From the statement it can be said that the index figures remained nearabout 396 point in the month of August in each of the years 1951, 1952, 1953, 1954 and 1956. Usually, the figure of cost of living attained highest level during the months of August to November every year and the lowest figures are available during the months of January to March. On the other hand, the employer has submitted a statement complied from the "Calcutta Gazette" showing the cost of living index figures in Calcutta as prepared by the State Statistical Bureau, West Bengal. It may be said from that table, which is marked as Ext. B, that the figure was round about 390 point in 1954 and it rose up to 450 point in July 1959. There is thus, no doubt, that there had been substantial rise in the cost of living both for middle class as well as working class since the last award became enforceable.

Turning into the question of financial position of the Company I find from the Annexure "A" to the written statement filed by the Company that it suffered loss during the period from 1952 to 1955 and it earned some profits during the period from 1955 to 1958. In determining the rate of dearness allowance I also take a note of the incremental scales of pay operating in the Company as shown in the Ext. A. From Ext. A I find that the starting pay of the bearers is Rs. 25 and that for the durwans Rs. 30 per month. The starting pay of the Matriculates and others is fixed as Rs. 35 and that for the Junior Assistants Rs. 40 per month. The total emoluments drawn by the lowest category of workmen is apparently inadequate at present. The total number of employees of this concern is 96. Considering the present total emoluments of the workmen, the increased cost of living by about 70 point compared to the figure in 1954, the observations in the last award, and the financial position of the Company, I deem it just and fair to increase the dearness allowance by Rs. 11 making it Rs. 26 for the sub-staff, and Rs. 31 for others drawing up to Rs. 150. I also correspondingly increase the rate of dearness allowance for the workmen drawing above Rs. 150 and make it 20 per cent. in place of 15 per cent. of the basic pay subject to minimum of Rs. 31.

The issue is thus decided.

Issue No. 2

This issue relates to a claim for special allowance for workers engaged in work involving injurious gas. I am not satisfied from the evidence that the workers working in the Filling and Sealing Department and Redistilled Water Manufacturing Department where bunsen burners are used, are entitled to get any special allowance. The work in those departments does not expose the workers to the risk of inhalation of any injurious gas. The Company gives gas allowance to the workers who work in the Arsambide and Atoxyl, Stibinol and Quinambicide Departments as mentioned in paragraph 2 of the Union's written statement. It is demanded by the Union that all the workers who work in those departments should get a fixed rate of allowance at Rs. 15 per month irrespective of the number of days of work. The employer at the moment gives an extra allowance, not on monthly basis, but on calculation of number of days during which the particular workman happens to be in duty in those departments. The Company has submitted a statement in Ext. D giving out the payments made to different workers in each of the month from July 1959 to December 1959. The workers as well as the days of work are variable from month to month. I find from the list that in each of these months the majority of the workers who got such allowance had to work for more than 13 days in a month. I think that these workers who have to work more than 13 days in a month should get a higher rate of allowance. Because obviously the work performed by such workers becomes more arduous in nature. They are exposed to inhalation of injurious gas for larger number of days causing greater amount of fatigue. The daily rate of .62 nP. is considered adequate, when the number of days, a worker has got to work does not exceed 13 days in a month. A higher rate for such days in favour of workers working in excess of 13 days in a month appears justified. For the additional days I fix the daily rate at .87 nP. for the same. The claim of the Union at a consolidated sum of Rs. 15 cannot be supported.

This is my award.

Judge, Fourth Industrial Tribunal.

I. S. S. D. Press, 95B Chittaranjan Avenue, Calcutta-12 and their workmen represented by I. S. S. D. Press Employees' Union, 64 Chittaranjan Avenue, Calcutta-12, regarding the matters specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3L-2/57, dated the 11th March 1957, for adjudication.

Issues

(1) Revision of grades and scales of pay.

(2) Revision of dearness allowance.

(3) Gratuity.

(4) Holidays and overtime wages for the Durwans.

(5) Permanency of workers.

The reference was received by this tribunal on 7th September 1959. Notices were duly served upon the parties. The Union, namely, I. S. S. D. Press Employees' Union, representing the workmen of the said Press filed its written statement on 28th September 1959. The Company, namely, Messrs. I. S. S. D. Press, filed its written statement on 19th December 1959. List of documents was filed by the Company on 11th January 1960 and the hearing was fixed on 18th February 1960. On that date on the prayer of the Union the hearing was adjourned to 30th March 1960. On 30th March 1960 the hearing was taken up, witnesses were examined and documents were marked. Further hearing was adjourned to 31st March 1960 when arguments of the Company were heard and the case was adjourned to 4th April 1960 for arguments of the Union. The hearing was concluded on 5th April 1960 and the award was reserved.

Findings

According to the Union the Company, namely, Messrs. I. S. S. D. Press, is a prosperous concern of vast resources and is an integral part of renowned Macmillan Co., Ltd., and it prints in lacs the school and other publications of Messrs. Macmillan & Co. Ltd. According to the Company the aforesaid press is a separate concern and is managed by Messrs. Macmillan & Co. Ltd. and its resources are strictly limited to its own assets and income and its business is highly competitive.

It is an admitted fact that the I. S. S. D. Press was a party in the Press Tribunals of 1948 and 1951 and that ultimately it was left outside the jurisdiction of the tribunals. The Union's case is that the workmen of the said press withdrew from the proceedings of the said tribunals on the assurance of the management that it would liberally consider the grievances of the workmen. But this is denied by the Company which states that the workmen of the said press then represented by the Press Employees' Association filed a "no dispute" statement before the tribunals of 1948 and 1951 and the Press Employees' Association having no objection to the same the aforesaid press was taken outside the adjudication of the said press. This will be borne out by the following relevant extract from the award of the Omnibus Press Tribunal of 1951 published in the "Calcutta Gazette", dated 1st March 1951 (Part I, page 496):—

> I. S. S. D. Press—A no dispute statement signed by the entire body of workmen has been filed. The Printing Press Employees' Association has no objection to the I. S. S. D. Press being taken outside in taking out outside adjudication. I accordingly leave this press outside adjudication.

It is, therefore, clear that the adjudication of the Omnibus Press Tribunals of 1948 and 1951 was not made in presence of the I. S. S. D. Press and their workmen. Still it is admitted on both sides that the workmen of the I. S. S. D. Press were given by the present Company almost the same grades and scales of pay awarded for the press industry in general by the aforesaid two Omnibus Tribunals. According to the Company the grades and scales of pay and other conditions of service of the employees of I. S. S. D. Press are based on the Press Tribunal Awards and are in some respects more favourable to the workers and in no case these have been less favourable than those laid down in the Omnibus Press Tribunal Awards.

Be that as it may, the grievance of the Union is that the existing grades and scales of pay of different categories of workmen employed in the I. S. S. D. Press are not at all favourable to the workmen whose wages and amenities are very poor and even below the minimum wages and wages

paid in other respectable concerns in Calcutta including Presses like Baptist Mission Press, Statesman, Hooghly Printing Works and others. Its further grievance is that the scale of pay of the employees of the present Company is small at both ends, namely, minimum and maximum and that the rate of increment is low. The workmen of the Company, therefore, placed the charter of demands to the Company on 24th July 1957 and on subsequent occasions urging upward revision of existing grades and scales of pay for all categories of workmen employed in I. S. S. D. Press (vide paragraphs 3 and 15 of Union's written statement).

In Annexure A to the written statement of the Union, the Union has set forth the categories of workmen, existing grades and scales of pay for workmen employed in I. S. S. D. Press and the grades and scales of pay which the Union claims to be introduced in favour of the workmen. The prayer of the Union ultimately is that all the five issues under the present reference may be answered in favour of the workmen in the light of the demands made by the Union and that the award that will be passed giving relief to the workmen on these five issues may be given a retrospective effect from January 1959.

To the claims made by the Union regarding the five issues under reference the general reply of the Company is that the claims of the Union on each of these issues should be rejected on the grounds that the existing grades and scales of pay, the D.A. and other amenities existing for the employees of the I. S. S. D. Press are more favourable to the workmen than those allowed to the employees of the press industry by the two aforesaid Omnibus Press Tribunal awards and that the present financial position of the Company, namely, the I. S. S. D. Press, which has been running at a loss for past two years, will not permit any revision of grades and scales of pay, D.A. or other amenities existing for the employees of the I. S. S. D. Press at the present moment for better and thirdly, that the claims of the Union are exhorbitant and out of proportion to those in comparable industries.

Now I shall take up issue No. 1 for adjudication.

Issue No. 1: This issue relates to revision of grades and scales of pay for all categories of workmen.

In the Annexure "A" to the Union's written statement the existing grades and scales of pay for workmen employed in the I.S.S.D. Press and the grades and scales of pay claimed by the Union before this tribunal have been set forth. According to paragraph 3 of the Company's written statement the contents of Annexure A in respect of existing grades and scales for Monotype Keyboard operator, machine room jamadar, bearers and coolies, roller and assistant roller caster are not correct and their actual grades and scales of pay existing at the present moment have been clearly stated in the said paragraph of the Company's written statement. The Company has further proved and exhibited a comparative chart (Ext. G) to show the categories of workmen employed in the I. S. S. D. Press; the grade and scales of pay awarded by the Press Tribunal of 1951 to such categories of press employees, the existing grades and scales of pay for the workmen employed in the I. S. S. D. Press and the grades and scales of pay which have been demanded by the Union before this tribunal. From evidence on record I find that this chart is correct and is not open to any dispute by the Union.

It is an admitted fact that although the I. S. S. D. Press and its workmen did not remain parties to the Omnibus Press Tribunals of 1948 and 1951 the grades and scales of pay provided for the press employees by the Press Tribunal Award of 1951 have been substantially adopted by the I. S. S. D. Press for its workmen. The present grades and scales of pay which the employees of the I. S. S. D. Press enjoy are not found to be less favourable for the workmen than those awarded to the press employees who were parties to the Press Tribunal Award of 1951. In some cases the existing scales of pay which the employees of the I. S. S. D. Press enjoy are more favourable to the workmen. This can be easily found by a comparison of the different columns of the chart Ext. G along with the evidence on record and with reference to the Press Tribunal Award of 1951 published in the "Calcutta Gazette", of 1st March 1951 at page 487. Take for instance the scale of pay for Letter Press Machine Department (Jamadar) in the Press Tribunal Award of 1951, the grade awarded has been Rs. 100—4/2—120. But the existing scale of pay for this category of workmen in the I. S. S. D. Press is Rs. 150—3½—175. The scale of pay demanded by the Union for this category of workmen is Rs. 135—4—175. The scale of pay for the Roller Caster existing in the I. S. S. D. Press is Rs. 45—2—65—1—70 as against Rs. 35—2/2—45(E.B.)—1/2—50 in the Press Tribunal Award of 1951. Another distinguishing feature in the existing scales of pay for workmen in the I. S. S. D. Press which is more favourable to the workmen is that there is no hurdle of efficiency bar placed in the scale of pay. In the scales of pay for different categories of press employees as per Press Tribunal Award of 1951, there is invariably the efficiency bar at a certain stage of the scale. But there is none in the pay scales for different categories of workmen employed in the I.S.S.D. Press. It has been argued on behalf of the Union that in the Press Tribunal Award of 1951 there is a biennial increment of a higher amount of money than the double of the rate of annual increment given by the management of the I. S. S. D. Press to its employees in their existing scales of pay. Take for instance the case of Monotype Keyboard Operator, a skilled workman of the Composing Department. Under the Press Tribunal Award of 1951 it starts with Rs. 95 with biennial increment of Rs. 13 and reaches Rs. 160 when there is an efficiency bar. If he crosses it his biennial increment is Rs. 8 till he reaches the maximum of Rs. 200. As against it the I. S. S. D. Press has given the scale to such category of workmen as Rs. 95—5—160—4—200. Here the rate of biennial increment allowed under the Press Tribunal Award of 1951 is certainly more than double the rate of annual increment of Rs. 5

allowed by the present management to this category of workmen up to the stage of Rs. 160. But if the whole scale is compared and taken into consideration it ultimately becomes more favourable to the workmen than the scale laid down under the Press Tribunal Award of 1951. Here the increment is annual and automatic and without any bar of efficiency after the stage of Rs. 160. After Rs. 160 there is a time-scale up to Rs. 200 with annual increment of Rs. 4.

As I have already stated the Union attacks the existing scales of pay allowed by the I. S. S. D. Press to its employees on three grounds, namely, that these scales are low at both ends, namely, that the minimum is low as well as the maximum and that the rate of increment is low. As I have found just now, the rate of increment is not substantially lower than the rate of increment allowed in the Press Tribunal Award of 1951. Secondly, in no instance the minimum and maximum pay in the scale of different categories are lower than the minimum and the maximum fixed for the scales of different categories of workmen as per Press Tribunal Award of 1951. This will be evident by a mere glance at the admitted existing scales of pay for workmen in the I. S. S. D. Press and those awarded by the Omnibus Press Tribunal of 1951. On the other hand, in some cases, the minimum in the instant press is higher than the minimum fixed by the Press Tribunal Award of 1951. Take for instance the cases of Letter Press Machine Department (Jamadar), the Roller Caster, the Peon, the bearer, the Assistant Roller Caster, the Coolies and the Boys. The maximum in the scales of these categories of workmen are also higher than the maximum fixed by the award of 1951 for such press employees.

Now if we are to make an upward revision of these grades and scales for different categories of workmen employed in the I. S. S. D. Press and if such an upward revision is permissible under the circumstances of the case and in pursuance of well-recognised principles of fixation of wages structure there would be created a privileged class for the I. S. S. D. Press which would have repercussion in the other concerns of the press industry where the grades and scales fixed by the Omnibus Press Tribunal Award of 1951 are in operation, and it might lead to an industrial unrest in other concerns of the same industry. This is one of the main considerations which goes against the Union's claim for an upward revision of the existing grades and scales of pay for the workmen of the I. S. S. D. Press. In the case of Crown Aluminium Works and their workmen reported in 1958 L.L.J. Vol. I, page 1, the Hon'ble Supreme Court has held that in deciding industrial disputes and in achieving immediate object of doing justice to the interest of both labour and capital, the industrial adjudication should "take into account several principles such as the principle of comparable wages, productivity of the trade or industry, cost of living and ability of the industry to pay." It is also now well-settled principle that " in determining of the capacity of the industry to pay the relevant criterion should be the capacity of a particular industry in a specified region and as far as possible the same wages should be prescribed for all units of that industry in that region and this is known as the industry-cum-region basis for the fixation of wages." As I have already pointed out the existing grades and scales of pay for workmen of the I. S. S. D. Press are not less favourable than those allowed to the employees of the Press Industry by the Omnibus Press Industrial Tribunal of 1951. If the principle of comparable wages is to be adhered to it is found that the instant press does not offer to its employees a less favourable scale of pay than most of the other units of the press industry. The Union in paragraph 3 of its written statement has, of course, alleged that the wages and amenities of the workmen of the present press are below the wages paid in other respectable concerns in Calcutta including presses, such as Baptist Mission Press, Statesman, Hooghly Printing Works, etc. The Company has adduced evidence and has filed a comparative chart (Ext. H) to show that the scales of pay (minimum and maximum) allowed to different categories of workmen by the Statesman Press and Hooghly Printing Works. The minimum and maximum allowed by the I. S. S. D. Press in the scales of pay for its workmen are not less than those given by the Statesman and the Hooghly Printing Works except in one or two instances. For this it may be said that the Company leads financial inability to bear additional burden. The Union has not placed before the tribunal any evidence regarding the grades and scales of pay but the Baptist Mission Press.

Now I come to another principle for fixation of wage structure, namely, the capacity of the industry to pay. It is now well-settled that in fixation of the wages the capacity of the industrial to pay is one of the essential circumstances to be taken into consideration except in cases of bare subsistence for minimum wage, which the employer is bound to pay irrespective of such capacity and that such capacity to pay is to be considered on an industry-cum-region basis. It has, of course, been held by the Hon'ble Supreme Court in the case of Crown Aluminium Works referred to above that no industry has a right to exist unless it is able to pay to its workmen at least a bare minimum wage. So far as the instant press is concerned, the evidence of the Press Manager Mr. Bruce Page (D.W. 1) is that I. S. S. D. Press is owned and managed by Messrs Macmillan & Co., Ltd. and their accounts are separate. His definite evidence is that the present financial position of the press is bad and that it has been running at a loss on an average of Rs. 50,000 a year since 1951. The balance-sheet Exts. F/5 to E/8 will go to show that for the years 1957, 1958 and 1959 I. S. S. D. Press was running at a loss and that the Calcutta Branch of Messrs. Macmillan & Co. Ltd. also suffered a loss for the years 1957, 1958 and 1959. The Union cannot deny or challenge effectively the evidence of D.W. 1 supported by the aforesaid balance-sheets that the I. S. S. D. Press has been running at a loss for some years past. Although the Union's case is that the press is a prosperous one. P.W. 1 Shri Lakhindar Mohanty the compositor of the press admits in his evidence that he has not looked into the accounts

of I.S.S.D. Press or of Messrs. Macmillan & Co., Ltd. His inference from the pressure of work in the press and the fact that certain matters had been printed by Messrs. Macmillan & Co. Ltd. from outside presses, is that the financial position of the Macmillan & Co. Ltd. is sound. Thus taking into consideration the evidence on record I cannot but conclude that the financial position of the I. S. S. D. Press is far from sound and it has been running at a loss for some years past. Therefore, it would not be possible for this Company to bear the additional burden of upward revision of the existing grades and scales of pay for workmen which are not at all less favourable than those awarded to the employees of the press industry by the Omnibus Press Tribunal of 1951.

Lastly, I must consider the argument of the learned Advocate on behalf of the Union that the minimum basic pay in the scales of pay of certain categories of workmen is extremely low and below the minimum wages. It cannot be denied that an industry has no right to exist if it cannot pay to its workmen the bare subsistence or minimum wages. In the existing scales of pay of I.S.S.D. Press concerned the minimum basic pay is Rs. 25. The Union has claimed that the minimum basic salary should be raised to Rs. 35 at least. In the comparative chart Ext. H furnished by the Company minimum basic pay in the Hooghly Printing Works is between Rs. 25 and Rs. 30; while it is between Rs. 27 and Rs. 35 in the Statesman Press. In the Omnibus Press Tribunal Award of 1951 the minimum basis pay is Rs. 25 and in case of boys only it was Rs. 16. So the minimum basic pay of Rs. 25 which the instant press gives to its workmen is not below the minimum fixed by the Press Tribunal Award of 1951. But it is certainly below the minimum basic wage allowed by the Industrial Tribunals or Major Industries in West Bengal, namely, Jute Textile, where the minimum basic wage is Rs. 34.67, Cotton Textile where the basic pay is Rs. 28.17, Engineering Industries Rs. 35 and Collieries Rs. 27.

On behalf of the Union an employee of the Government of India Press, P.W. 2, has been examined and documents [Exts. 1, 1(a) and 2] have been marked. The minimum basic pay in the Government of India Press is found to be Rs. 30. The scales of pay of the Government of India Press cannot form the basis of fixation of wage structure of this particular press on the ground set forth above, namely, that the instant press is running at a financial loss and is not in a position to bear financial obligation by upward revision of grades and scales of pay which would be a long term scheme and that the existing grades and scales of pay are not less favourable than what has been awarded by the Press Tribunal of 1951 and that no upward revision can be adopted without having serious repercussion of the other units of the press industry. The Union has also given in Annexure C to its written statement a statement of balanced diet and has urged that for a workman a minimum of Rs. 271.08 nP. is required for the balanced diet as per Famine Enquiry Report. But this is an ideal which we have yet to reach and the present state of industry is not such as to give cent. per cent. neutralization for a rise in the cost of living index. I admit that the minimum basic wage for workmen of certain categories employed in instant press is lower than what has been fixed by the Industrial Tribunals for major industries in West Bengal. But if total wages are taken into consideration it does not fall below the minimum fixed by the Industrial Tribunals for major industries in West Bengal as mentioned above. In the instant press the lowest paid employee gets a minimum basic wage of Rs. 25 (vide Ext. G). But he gets dearness allowance of Rs. 37 and a special allowance of Rs. 7.50 nP. per month and Rs. 6 per month as tea money. So the dearness alowance and other allowances given come up to Rs. 50.50 nP. Add to this the basic wage of Rs. 25. The total wage that would reach up to Rs. 75.50. In the majority industries of West Bengal the minimum total wage is as follows:—

Industry.		Total wage. Rs. nP.
Jute Textile Industry	...	67.17
Cotton Textile Industry	...	60.67
Engineering Industry	...	71.00
Collieries	...	69.06

Thus it is found that the total wages of the lowest paid employees of the I. S. S. D. Press is not below the minimum total wage fixed by the Industrial Tribunals for the employees of aforesaid major industries in West Bengal.

In view of all these facts and circumstances discussed above I find that there is no justification at the present moment for any upward revision of the grades and scales of pay for the different categories of workmen employed in the I. S. S. D. Press. I, therefore, disallow this prayer of the Union and answer the issue No. 1 against the Union.

Issue No. 2: This issue relates to revision to dearness allowance. It is admitted on both hands that the present rate of dearness alowance, allowed by the management to the employees of the I. S. S. D. Press is as follows:—

Basic pay.		Dearness allowance from 1st September 1957.
Up to Rs. 30	..	Rs. 37 plus Rs. 7·50 nP as a special allowance.
From Rs 30 to Rs. 100		Rs. 40 plus Rs. 7·50 nP as a special allowance.
Above Rs. 100	..	Rs. 40 plus special allowance of Rs. 7·50 nP plus 28 per cent. of the salary above Rs. 100.

This will be found from the Annexure B to the Union's written statement as also from paragraph 9 of Company's written statement and the document Ext. II.

It must be noted at this place that in the Omnibus Press Tribunal Award of 1951, dearness allowance allowed to the different categories of press employees was at the flat rate of Rs. 22 per month. It was raised to Rs. 28 per month by the Hon'ble Labour Appellate Tribunal of India by its decision dated 23rd August 1951 in appeal against the Omnibus Printing Award of 1951 and this was confirmed by the Hon'ble Supreme Court. In 1951 the cost of living index for the middle-class

was 365.9 and for the menial class 369.2 but at the present moment the cost of living index has certainly gone higher up. In November 1959 the cost of living index according to the calculations of the State Statistical Bureau, Government of West Bengal, was 402.6 for middle-class and 426.9 for menial class. So there has been evidently a rise in the cost of living index to the extent of 47 points or thereabout in case of middle-class and 57 points in case of menial class from that in 1951 when the Hon'ble Appellate Tribunal fixed the dearness allowance for different categories of press employees at Rs. 28 per month. So having regard to this rise in the cost of living index at the end of 1959 from what it was in 1951 the employees of the instant press, in all fairness, can claim a further dearness allowance, between Rs. 10 to Rs. 12 Re. 1 being the measure for a rise for every 5 points. So if the press employees are given an increase of dearness allowance at this rate over Rs. 28 per month as fixed by the Hon'ble Labour Appellate Tribunal in 1951, the employees of the I. S. S. D. Press would be entitled to get total dearness allowance of Rs. 40 per month and not above that. As it has already been found that the management of the I. S. S. D. Press has been giving to its employees dearness allowance of Rs. 37 per month for basic pay up to Rs. 30 and Rs. 40 per month for basic pay between Rs. 30 and Rs. 100. The increase in the cost of living index since 1951 has been almost entirely covered and neutralised on the notional basis of Re. 1 for a rise of every five points so far as the present employees are concerned. The management has also been paying a special allowance of Rs.7.50 nP. per month to each category of employees of the press since 1st September 1957 to meet the rise in the price of foodstuffs. This will be clear from documents Exts. C and F filed on behalf of the Company. But the Company has not included this special allowance in the dearness allowance obviously with the object that the employees will not get the benefit of this amount for the purpose of contribution to provident fund. Be that as it may, it will be just and proper that this amount of special allowance Rs. 7.50 nP. should be merged in the dearness allowance to neutralise as far as possible the high cost of living. If that is done, there would be no grievance amongst the employees regarding the dearness allowance, inasmuch as it will help to neutralise to a great extent the rise in the cost of living index and secondly the employees will get the advantage of this amount for the purpose of contribution to the provident fund for which the admitted rate is 9 3/8 per cent. of the basic pay and dearness allowance given to the staff. I, therefore, hold that the existing rate of dearness allowance allowed to the employees of the present press by the management is not unreasonably low but that the employees should be given further relief by merging the special allowance of Rs. 7.50 nP. in the existing deaness allowance when their grades and scales of pay are not revised at the present moment. This will not fell upon the purse of the Company as the Company has been paying the special allowance since September 1957. It is, therefore, directed that the Company should raise the existing rate of dearness allowance for the employees by merging the special allowance of Rs. 7.50 nP. in that dearness allowance with effect from 1st April 1960. Thus from 1st April 1960 the rate of dearness allowance would be as follows:—

Basic pay	Dearness allowance. Rs. nP.
Up to Rs. 30	... 44.50
From Rs. 31 to 100	... 47.50
Above Rs. 100	... 47.50 plus 28 per cent. of the basic salary above Rs. 100.

The employees will get the benefit of this additional dearness allowance (which has hitherto been temporary special allowance) for the purpose of contribution to provident fund. The other allowances given by the Company to the employees shall remain unaffected. Dearness allowance is revised in this way.

The Union has claimed dearness allowance for the middle-class employees at the rate of 5 per cent. of the basic pay for every 10 point rise and for the working class Rs. 3 for every such 10 point rise above 180 points taking 1939 as the base year, or in the alternative Rs. 60 flat as dearness allowance for the working class and Rs. 100 flat as dearness allowance for middle-class employees with effect from January 1959. But this claim is exorbitant and beyond the financial capacity of the Company. So, this claim cannot be allowed. The rate of dearness allowance as fixed by this award would, in my mind, ensure for benefit of the employees and would fulfil the interest of justice and equity.

Another grievance of the Union is that in case of two of the employees Shri Abdul Aziz and Shri Tarapada Banerji, a discrimination has been followed by giving them dearness allowance according to the scheme of Bengal Chamber of Commerce and Industry. This fact is admitted by the Company in paragraph 11 of its written statement and the reasons for such discrimination have been set forth in paragraphs 12, 13 and 14 of the written statement. The reasons are quite sensible and I do not like to disturb the dearness allowance of these two employees and I leave it where it is. This disposes of issue No. 2.

Issue No. 3: This relates to gratuity. It is an admitted fact that there is no scheme of gratuity in the present press and that the provident fund scheme was introduced only from January 1946. The Union's claim is that over and above the benefit of provident fund the employees should be given the other retiring benefit, namely, gratuity at the rate of one month's wages (basic pay plus dearness allowance) last drawn for every year of service on termination of service after 10 years of service or on retirement. It is no doubt true that the double retiring benefits in the shape of provident fund and gratuity can co-exist in an industry which is a stable and prosperous concern. This is not disputed by the management. It is admitted that the employees of the present press number about 100. The sole object of granting gratuity or provident fund or both to the employees is to provide them with adequate retiral benefit. The demand for double retiring benefits can be

legitimately claimed by the workmen. But it must also be seen that the employer is financially capable of meeting these two demands, both the schemes of provident fund and retiring gratuity being long-term schemes. In the present press the employees have got their contributory provident fund for which the admitted rate of contribution is 9 3/8 per cent. of basic pay and dearness allowance and this rate is higher than what was granted in the Press Tribunal Awards of 1948 and 1951 and by Mercantile Tribunal. The I. S. S. D. Press, as I have already found, has been running at a loss for some years past systematically and that it is not financially stable. Therefore, it would be beyond the financial capacity of the present concern to bear the burden of double benefits to the employees, namely, the generous scheme of Contributory Provident Fund which has been existing since 1946 and additional scheme of gratuity as claimed by the Union. The rate of contributory provident fund is generous and better than what has been allowed by the Press and Mercantile Tribunals. The merger of the special allowance of Rs. 7.50 nP. in the dearness allowance, as ordered by this tribunal with effect from 1st April 1960, would go to a some extent to increase the amount of contribution of the workmen to the provident fund

Having regard to the circumstances of the case and financial position of the Company, I cannot burden the Company with a scheme of gratuity for workmen as claimed by the Union which would be beyond the capacity of the Company to bear. So, the claim for gratuity for the employees as made by the Union is rejected. This disposes of issue No. 3.

Issue No. 4: This issue relates to holidays and overtime wages for the durwans. It is an admitted fact that all the employees including the durwans who are three in number get leave for 27 days in the year with full pay and that the employees other than durwans get festival holidays of 23 days in the year over and above 27 days' leave with full pay in the year. The durwans have got no festival holidays. The Union claims that the durwans should be given festival holidays of 23 days in the year or for work on any of such festival holidays the durwan should be paid his normal wages plus double wages as overtime wages. To this reply of the Company in paragraphs 17 and 18 of the written statement is that the durwans are appointed to perform the duties of durwan and night watchman, that they are three in number and that each of them has to perform 4 hours' duty during the day and 4 hours' during the night, that they are granted 27 days' leave on full pay in the year and a tea money of 25 nP. per day and that they have been granted a room free of rent for the living. It is the case of the Company that under conditions of their service they are not entitled to any other leave or holiday nor any overtime for working on Sundays or holidays. But it is an admitted fact that in pursuance of an agreement between the press and the Union reached at a meeting held on 18th September 1957 the press has been giving overtime to the durwans equal to double wages for their work on Sundays only but not on other holidays.

The Company has also adduced evidence to this effect. According to the terms and conditions of service I do not think that the durwans can legitimately claim festival holidays because on holidays or closed days their services are more urgently required and this is the condition of their service. In the Press Tribunal Award of 1948 no overtime wages were granted to the durwans. In that award the Head Reader, Senior Reader, Foreman, Section Holders and Jamadars were granted overtime allowance at double the ordinary rate for work over and above 10 hours a day. In the present case the evidence of the Company which is unchallenged is that each of the three durwans has to perform 4 hours' duty during the day and four hours' during the night, i.e., in all 8 hours. For this they get their ordinary wages. In view of the aforesaid Press Tribunal Award of 1948 the durwans are not entitled to any overtime wages for working on festival holidays. I, therefore, find that the durwans are not entitled to festival holidays like the other employees of the instant press nor are they entitled to any overtime wages for their normal hours of duties which cover 8 hours only for working on festival holidays. So, this issue is decided against the Union.

Issue No. 5: This issue relates to permanency of workmen and this is the last issue under reference. The claim of the Union is that every employee of the Company should be made permanent after completion of 3 months' service in the Company and that all existing temporary workmen should be made permanent with effect from the date on which it fell due in each case after 3 months' service of the employee concerned. To this the reply of the Company is that the number of staff in the fixed permanent cadre is approximately 97 and that an employee taken as a probationer against the permanent job is always confirmed and made permanent if found suitable according to the standing orders and that the probationary period according to that order is one year which is quite reasonable and in line with the standing orders framed by the Press Tribunal for the industry as a whole. So, according to the Company there is no justification for demand for alteration of rule of permanency. The Company's standing orders (Ext 1), clause (3), is quite in line with the standing orders, framed by the Omnibus Printing Tribunal of 1951 for all workmen in the press industries which were parties to the dispute. The rule of permanency in the present press is exactly similar to what has been laid down in the said award. A permanent workman is one who has been engaged on a permanent basis or any workman who has satisfactorily completed a full working period of one year in the same or another occupation in the Company, including breaks due to sickness, accident, leave, lock-out, strike (not being an illegal strike), or involuntary closure of the establishment and has been confirmed as permanent in writing. In the same award the period of probation extends up to 12 months. The present Company has adopted this rule in toto and there is no justification for revision or alteration of the rule of permanency of workmen in the present case as that would have adverse repercussions on the employees of other units of

printing industry. So, the rule of permanency of workmen should remain as it is in the Company and does not call for any revision or alteration in the circumstances of the case. I thus dispose of issue No. 5.

This is my award.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri K. K. MITRA, Judge, Fourth Industrial Tribunal.

For the Union: None.

For the Company: None.

An industrial dispute between Messrs. Express Printers (Private) Ltd., 20A Gour Laha Street, Calcutta-6, and their workmen represented by Press Employees' Association, 249-B Bowbazar Street, Calcutta-12, over the following issue, has been referred to this Tribunal for adjudication, by the Government of West Bengal, Labour Department, order No. 4313-I.R., dated the 7th September 1959 and subsequent order No. 357-I.R., dated the 30th January 1960.

Issue

(1) Bonus for 1957.

AWARD

After receipt of the order of reference on 10th September 1959 notices were issued upon the parties to file their written statements. The workmen represented by the Union prayed for time stating in the petition that they were making endeavours for necessary amendment of the issue under reference. The issue relating to the industrial dispute was originally one regarding bonus for 1958. By the subsequent corrigendum the said issue was amended, and in place of "bonus for 1958" the words and figures "bonus for 1957" were substituted. The order correcting the issue was received here on 5th February 1960. But after that neither the Union nor the workmen did appear on the dates fixed by the Tribunal. No written statement was filed. Ample opportunities were given to the workmen and the Union to file written statement but to no effect. The employer also did not turn up. Thereafter a petition was filed by the workmen on 26th April 1960 purported to have contained signatures of 17 workmen stating to the effect that the eployees had decided not to contest this case. The Union was duly informed about the contents of this petition and an opportunity was given to refute the allegation contained in the said petition by 8th May 1960. But no step was taken by it. In the result I take it that there exists "no dispute" between the parties, and I pass a "no dispute" award accordingly.

Box Trading Co. (Private) Ltd. and their workmen, represented by West Bengal Card Board and Printing Mazdoor Union, for adjudication regarding the issue mentioned in the order of reference.

Issue

Whether the dismissal of Shri B. K. Mondal is justified. To what relief is he entitled?

The case of the Union, briefly stated, is as follows:—

Messrs. Box Trading Co. (Private) Ltd. (hereinafter referred to as the Company) carry on a business of manufacturing and printing card board boxes. The employees of the Company formed a Union in order to redress their grievances. Shri B. K. Mondal who was an employee of the Company took a leading part in the formation of the Union and thereby incurred the displeasure of the management of the Company. The management began to issue to him false charge-sheet on various pretexts. Finally on 19th July 1957 the management issued to him a charge-sheet on false charges and suspended him. He gave a reply to

he charge-sheet on 20th July 1957. The management did not hold any enquiry and dismissed him by a letter dated 31st August 1957.

The case of the Company, on the other hand, is as follows: The Company pays wages to its workmen according to the Bengali month and pays some advance on or about the 25th of the Bengali month and the balance of the wages on the 10th of the following month. Shri B. K. Mondal used to get an advance of Rs. 20. He was suspended for three days from 8th July 1957 to 10th July 1957. He, however, did not join his duty till 15th July 1957, corresponding to the 30th Ashar. On 19th July 1957 he approached the Managing Director for the advance. As there was no money in the cash, the Managing Director offered him Rs. 10 from his personal money and asked him to come on the following day for the balance of the advance. Shri B. K. Mondal refused to accept the sum of Rs. 10 and in presence of customers and workers and others taunted the Managing Director saying that if the latter could not pay the advance, he should not write remarks on the production of card of Shri B. K. Mondal. In order to save his face the Managing Director asked Shri B. K. Mondal rather apologitically to go for the day, but Shri B. K. Mondal while leaving abused the Managing Director in objectionable language in presence of workmen and thereby created a scene. The management therefore issued charge-sheet to Shri B. K. Mondal who did not send any reply to the charge-sheet. So the management by a letter dated 30th July 1957 informed Shri B. K. Mondal that an enquiry into the matter would be held on 3rd August 1957. As the latter did not attend the enquiry, another letter was sent to him on 16th August 1957 fixing the date of enquiry on 26th August 1957. On 26th August 1957 the enquiry was held in presence of Shri B. K. Mondal. At the enquiry the charge against Shri B. K. Mondal was proved and the management dismissed him.

Findings

The enquiry proceedings Ext. C show that on the evidence recorded at the enquiry the management was justified in coming to the conclusion that the charge against Shri B. K. Mondal had been proved. Shri B. K. Mondal has, however, asserted that he was not present at the enquiry. The evidence adduced before me by the Company does not prove beyond any shadow of doubt that Shri B. K. Mondal was present at the enquiry. So if it is held that Shri B. K. Mondal was not present at the enquiry, that does not ipso facto vitiate the order of dismissal. It only makes the case at large before me, and I am called upon to consider the evidence adduced before me in order to decide whether the dismissal is justified. The Union has examined only one witness, viz., Shri B. K. Mondal in support of its case. His evidence is that on 17th July 1957 there was a conciliation meeting at which the Labour Officer of the Government of West Bengal asked the management to pay Shri B. K Mondal wages in lieu of leave and other reasons. On 18th July 1957 he approached the Managing Director to pay that wages to him. The latter threatened him and drove him out, and on the following day he was handed over a charge-sheet. The Company examined two witnesses, viz., Shri Bhagirath Mondal, the Managing Director concerned and Shri Mukunda Lal Nag, a clerk of the Company. Both of them have spoken of the incident of 19th July 1957. There is no reason whatsoever to disbelieve their evidence. According to Shri B. K. Mondal nothing happened on 19th July 1957, if so, it is difficult to believe that the two witnesses on behalf of the Company have concocted the entire story of an incident of 19th July 1957. Shri B. K. Mondal says that as soon as he asked for his wages on 18th July 1957, the Managing Director threatened him and drove him out. Such an allegation of conduct on the part of the Managing Director is unbelievable. There is nothing on evidence that the Managing Director had any enmity with Shri B. K. Mondal; on the contrary, it is admitted by both sides that Shri B. K. Mondal is a co-villager of the Managing Director. So it is natural to expect that the Managing Director would be lenient, rather than unduly harsh, to Shri B. K. Mondal. In such a background I am unable to believe the evidence of Shri B. K. Mondal that no incident took place on 19th July 1957. Hence I believe that the evidence of the two witnesses on behalf of the Company gives a correct version of what took place. Their evidence clearly shows that Shri B. K. Mondal has been guilty not only of insubordination but also of insolent conduct. So I hold that the dismissal of Shri B. K. Mondal is justified. As such he is not entitled to any relief.

ANNEXURE

In the matter of an industrial dispute between Messrs. Chhabi Ghar, 10A Mahatma Gandhi Road, Calcutta, and their workmen represented by Bengal Motion Pictures Employees' Union, 126A Dharamtala Street, Calcutta-13.

By order No. 4770-I.R./IR/11L-556/58, dated Calcutta, the 15th November 1958, Government of West Bengal, Labour Department, referred to the Second Labour Court, an industrial dispute between Messrs. Chhabi Ghar, 10A Mahatma Gandhi Road, Calcutta, and their workmen represented by Bengal Motion Pictures Employees' Union, 126A Dharamtala Street, Calcutta-13, for adjudication regarding the matter specified in the issue to the order of reference.

Issue

(1) Whether the dismissal of Shri Manaranjan Dey is justified? To what relief is he entitled?

Findings

The case of the Union, briefly stated, is as follows:—

Shri Manaranjan Dey was a senior Booking clerk of Chhabi Ghar Cinema. The Company by a letter, dated 14th March 1958, informed him that his name had been struck off the rolls on 21st January 1958. He had not been given any charge-sheet nor was any enquiry held. He was dismissed in spite of a contract to the effect that the Company would keep him in its employment till the year 1966. He had been absent because of his serious illness and he had applied for medical leave, but his leave was not granted, in spite of the production of a medical certificate of a registered medical practitioner. So the Union contends that the dismissal has been improper and unjustifiable.

The case of the Company, on the other hand, is as follows:—

Shri Manaranjan Dey was a habitual absentee and used to remain absent without leave. He became absent with effect from 20th October 1957 without any leave and on 1st November 1957 made an application for leave till 19th November 1957. The Company granted him the leave and gave him a serious warning that in future such delinquency would be severely dealt with. He again became absent without any leave from 20th December 1957. The management waited till 10th January 1958; on that date the management wrote him a letter asking him to join within two days of the receipt of the letter, failing which his name would be struck off the rolls. He did not reply to that letter. The management waited for him till 29th January 1958 and struck off his name on that date. So the Company contends that the dismissal was bona fide and was necessary for the maintenance of discipline.

The Company has not contended that it issued any charge-sheet to the workman concerned or held any enquiry. So the case is at large before me. One point raised by the Union is that the Company dismissed the workman in spite of a contract to the effect that he would be retained in service till the year 1966; but the Union has not made any attempt to prove the existence of any such contract. So this point of the Union fails. Another point is that the Company did not grant leave to the workman though he had applied for leave and had sent a medical certificate in support thereof. But it is clear from the evidence that he did not apply for leave till 29th January 1958, the date on which he had been dismissed. Further the medical certificate is dated 15th April 1958, i.e., it was granted long after the dismissal of the worker concerned. It is also in evidence that he did not send the medical certificate to the Company; the medical certificate was sent by the Secretary of the Union. So it is clear that on 29th January 1958, the date on which the workman concerned was dismissed the Company had before it no application for leave from him, though he had been absent for more than a month by that time. It is not understood what else the Company could do in such circumstances. Here was a workman who chose to remain absent without applying for leave, not to speak of without being granted leave. So if in such circumstances the Company dismissed him, nobody can find fault with it. Hence I hold that the dismissal of Shri Manaranjan Dey is justified. As such he is not entitled to any relief.

AWARD

By order No. 3284I.R./IR/9L-12/59, dated the 18th July 1959, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Damdim, Jalpaiguri, regarding the matter specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

(1) Is the retrenchment of Shri S. C. Aich Chowdhuri justified? To what relief, if any, is he entitled?

The reference was received by this tribunal on 28th July 1959. Notices were duly served upon the parties. The Union, namely, Dooars Tea Garden Indian Employees' Association, representing the workmen employed under the Company, namely, Messrs. Nagaisuree Tea Estate, Jalpaiguri, filed its written statement of claim on 29th August 1959. The Company filed its written statement on 30th September 1959. The date of hearing was fixed on 11th March 1960 at Jalpaiguri. But with the consent of the parties the hearing was adjourned to 21st April 1960 in Calcutta. The hearing was taken up on that date and it continued till 22nd April 1960 when arguments were concluded and award was reserved.

Findings

The only issue referred to this tribunal for adjudication under the present reference is whether the retrenchment of Shri S. C. Aich Chowdhury is justified, and if he is entitled to any relief.

The admitted facts are that Shri S. C. Aich Chowdhury was employed as a medical officer in the tea garden of the Company, Messrs. Nagaisuree Tea Estate, Jalpaiguri, for a period of 12 years from January 1947 till 31st March 1959 and that he was retrenched by the Company with effect from 1st April 1959 upon a notice of termination of his services, dated 23rd February 1959. The ground upon which the Company has terminated the services of Shri S. C. Aich Chowdhury has been set forth in the aforesaid notice which runs as follows:—

> "The reason for the termination of your service is that under the West Bengal Plantation Labour Rules, 1956, it is obligatory to employ only one qualified medical practitioner at this estate having regard to the number of the garden's workers on the effective list and you are the junior of two assistant medical officers in the estate's employ.

Shri Aich Chowdhury was offered all his dues as stated in the said notice. On receipt of the notice of retrenchment, dated 23rd February 1959, Shri Aich Chowdhury sent a representation to Messrs. Duncan Brothers & Co. Ltd., the Managing Agents, through the Manager, Nagaisuree Tea Estate, requesting for withdrawal of the retrenchment order. But he was not favoured with any reply.

According to the Union, which has taken up the cause of Dr. Aich Chowdhury, the Company's order of retrenchment of Dr. Aich Chowdhury is not only unjustified, mala fide and actuated by extraneous considerations but is also misconceived so far as it relates to the interpretation of the scope and purpose of the Plantation Act and Rules of the West Bengal Plantations Labour Rules, 1956 (paragraph 8 of Union's written statement). The Union accordingly prays that the retrenchment of Dr. S. C. Aich Chowdhury may be held to be unjustified and mala fide and perverse and that he may be reinstated with all back wages and other benefits available under the service rules of the Company.

The Company resists the claim of the Union both on grounds of law as well as on merits. According to the Company the present reference is incompetent and this tribunal has no jurisdiction to adjudicate upon the issue under reference on the grounds that Dr. S. C. Aich Chowdhury is not a workman within the meaning of Industrial Disputes Act and that there is no community of interest between the said Dr. Aich Chowdhury and the other workman of the estate and, therefore, the present dispute is not an industrial dispute.

On merits the Company's case is that the services of Dr. Aich Chowdhury were terminated as he was considered by the Company to be redundant to its requirements in accordance with

the West Bengal Plantations Labour Rules, 1956 and that as such the termination of his services is just and lawful and is not entitled to any relief from this Tribunal. Now I come to consider the issue No. 1.

Issue No. 1: Before I proceed to adjudicate upon the merits of the case regarding the issue, I must consider the preliminary legal objections raised by the Company, namely, that the present reference is not competent as the dispute referred to is not an industrial dispute and that as such this tribunal has no jurisdiction to adjudicate upon the issue under reference. Under section 2(k) of the Industrial Disputes Act, 1947, "Industrial Dispute" means any dispute or difference between employers and employees, or between employers and workman, or between workmen and workmen, which is connected with the employment or non-employment or terms of employment or with conditions of labour of any person." It clearly follows from this definition that dispute between employers and workmen which is connected with the employment or non-employment or the terms of employment or with conditions of labour of any workman is an industrial dispute. According to the Company Dr. S. C. Aich Chowdhury who was employed by the Company as a Medical Officer is not a workman within the meaning of the Industrial Disputes Act. Under section 2(s) of the Industrial Disputes Act, 1947, as amended in 1956, a "workman" means any person (including an apprentice), employed in any industry to do any skilled or unskilled, manual, supervisory or technical or clerical work for hire or reward. It is argued on behalf of the Union that Shri S. C. Aich Chowdhury was employed under the present Company which is an industry, to do technical work, namely, the work of a doctor which requires specialised and technical knowledge and, therefore, he should be deemed to be a workman within the scope and meaning of the definition of "workman" in the Industrial Disputes Act, 1947. To this the answer of the Company is that in view of the decision of the Hon'ble Supreme Court in the case of Assam Cha Karmachari Sangha versus Dima Kuchi Tea Estate, reported in 1958 L.L.J. Vol. 1, page 500, Dr. S. C. Aich Chowdhury is neither a workman nor any person in whose employment or non-employment the workmen have any direct or substantial interest. But in all humility I think that the decision of the Hon'ble Supreme Court in the aforesaid case will not be very much relevant for consideration of the question whether Dr. S. C. Aich Chowdhury is a workman or not within the definition of "workman" in section 2(s) of the Industrial Disputes Act, 1947, as amended in 1956. In that case section 2(s) of the Industrial Disputes Act, 1947, after amendment of 1956, was not a matter for consideration of the Hon'ble Supreme Court. The whole question now turns upon the interpretation of the word "technical" in the definition of "workman" after amendment of 1956. The main question for consideration, therefore, will be whether a doctor employed in an industry is a person employed to do any technical work. If the answer is in the affirmative a doctor would fall within the category of workman as defined in the Industrial Disputes Act, 1947, after amendment of 1956. It is argued by the learned advocate Shri D. L. Sen Gupta appearing on behalf of the Union that a relevant passage from the decision of the Hon'ble Supreme Court in the case of Dimakuchi Tea Estate would throw much light on the interpretation of the word "technical" in the definition of workman as it now stands. The passage referred to is as follows:—

"In the case before us, Dr. K. P. Banerji was not a 'workman'. He belonged to the medical or technical staff—a different category altogether from workman". Shri Sen Gupta submits that the Hon'ble Supreme Court has taken the view that a doctor belongs to the medical or technical staff and that the word "technical" should, therefore, be taken as a much wider term so as to include the term "medical" as well.

In the Concise Oxford Dictionary the word "technical" was used to mean "of or in" in a particular art or science, handcraft, etc. In my view "science" should include "medical science". A doctor having specialised knowledge of medicine and surgery should be deemed to be a person belonging to the technical staff and doing technical work within the meaning of the definition of "workman" in section 2(s) of the Industrial Disputes Act, 1947, as it now stands after amendment of 1956.

In the instant case the evidence is that Shri Aich Chowdhury passed his medical examination from National Medical Institute, Dacca, an unrecognised institute, in 1926 and got a certificate He practised as a doctor between 1926 and 1947 when he was employed in the present Company. The duties he had to perform as a medical officer in the employ of this Company for a continuous period of 12 years from 1947 to 1959 were to examine patients, prescribe and dispense medicine, administer injections and to bandage wounds of patients. (Vide the evidence of P. W. 2 Shri S. C. Aich Chowdhury and of D.W. 1 Dr. Nirmal Chandra Talukdar, a Medical Officer, in the employment of the present Company since 1935). In my opinion the duties which Dr. S. C. Aich Chowdhury had to perform as a medical officer in the employment of the instant Company certainly required of him technical and specialised knowledge of medicine and surgery and the evidence of P. W. 1 clearly is that he found Dr. S. C. Aich Chowdhury to be a good doctor. In my opinion, the word this "doctor" was required to do was a specialised technical job.

In view of this evidence on record I accordingly hold that Shri Aich Chowdhury was employed by the instant Company to do the technical work of a doctor and as such he is a workman within the scope and meaning of the definition of "workman" under section 2(s) of Industrial Disputes Act, 1947, as amended in 1935. That being so, the present dispute regarding the termination of services of Dr. S. C. Aich Chowdhury which is raised by the Union on behalf of the doctor who is admittedly a member of the said Union and is found to be a workman in the employ of the said Company, is a real dispute between the employer and the workman backed by the Union of

employees of the said Company regarding employment or non-employment of one of the workman of the employer and as such it is an industrial dispute within the meaning of section 2(k) of the Industrial Disputes Act, 1947. I, therefore, hold that the present reference is competent and that this tribunal has jurisdiction to adjudicate upon the issue in question. As I find that Dr. S. C. Aich Chowdhury is a workman within the definition of the word "workman" in the present Statute of industrial disputes I need not discuss the other objection of the Company, namely, whether there is any community of interest between the workmen of the estate and Dr. S. C. Aich Chowdhury as a non-workman. In view of my above findings I overrule the preliminary objection of the Company regarding competency of the reference and the jurisdiction of this tribunal to adjudicate upon the issue under reference.

Next I come to the merits of the case. It is the common case of the parties that Dr. S. C. Aich Chowdhury's services were terminated by the Company with effect from 1st February 1959 on the ground that he was considered by the Company to be redundant to its requirements in accordance with the West Bengal Plantations Rules, 1956. It is a case of retrenchment pure and simple within section 2(oo) of the Industrial Disputes Act, 1947, as it will appear from the notice of retrenchment, dated 23rd February 1959 (Ext. 1) and as it is admitted on both hands.

The management can retrench its workmen for reasons of its own. As it has been held by the Hon'ble Labour Appellate Tribunal in the case of Viswamitra Press reported in 1952 L.A.C. page 20 at page 33:

"It is the prima facie right of the management to determine its labour force and the management will be the best judge to determine the number of workmen who would become surplus on the grounds of rationalisation, economy or other reasons on which retrenchment can be sustained. When in effecting retrenchment the management acts in a bona fide manner the number retrenched ought to be accepted.". If, on the other hand, it is found that the management has acted on extraneous considerations or improper motives the management must justify its action by evidence. The onus is upon the management to establish its case for retrenchment. These are now the well-established principles of law regarding retrenchment.

In the instant case the only ground upon which Dr. S. C. Aich Chowdhury has been retrenched by the Company is that under the West Bengal Plantations Labour Rules, 1956, the Company was under legal obligation to appoint only one qualified medical practitioner for every 1,750 workers in the garden and that as the total number of workers according to the Company was not more than 1,750, Dr. S. C. Aich Chowdhury was considered by the Company to be redundant to its requirements in accordance with the said Plantation Rules. There is no other reason or ground upon which the Company has terminated the services of Dr. S. C. Aich Chowdhury and this is an admitted fact.

So, the only question for determination under this issue is whether retrenchment of Dr. S. C. Aich Chowdhury by the Company was justified. In the present case there is no allegation or evidence on the part of the Union to show that the retrenchment of Dr. S. C. Aich Chowdhury was on improper motives, namely, victimisation, or unfair labour practice. From the evidence on record, namely, the evidence of P.W. 1 Dr. Nirmal Chandra Talukdar, the medical officer still in service of the Company, that the number of patients increased in 1959 due to epidemic and that the pressure of work for a single doctor had increased to some extent after termination of services of Dr. S. C. Aich Chowdhury. It has been argued on behalf of the Union that the retrenchment of Dr. Aich Chowdhury has been actuated on extraneous consideration, namely, that there has been an increase of workload on the remaining doctor, namely, Dr. Talukdar, resulting in corresponding decrease in the availability of medical service to the workmen of the garden. But these facts cannot be taken into consideration for adjudicating upon the justifiability of the retrenchment in the present case as the retrenchment was purely on the ground of imposition of a legal obligation upon the Company by the aforesaid Plantation Labour Rules for appointing one qualified doctor for every 1,750 workers. Justifiability of retrenchment cannot, of course, be determined "without considering the question of good faith." So far as the present case is concerned it is only to be seen whether the retrenchment of Dr. S. C. Aich Chowdhury on the ground as alleged by the Company was bona fide and justified in the circumstances of the case. It is not disputed that the West Bengal Plantations Labour Rules, 1956, came into force from December 1956. Under rule 22, sub-rule (6), clause (i) there shall be one qualified medical practitioner for every 1,750 workers. It is the case of the Company that the actual number of workers receiving pay from the Company and on effective rolls of the Company would not exceed 1,200. From the monthly rated staff payment register for 1958 and 1959 (Exts. A and A/1) and Roll Books for these two years (Exts. B and B/1) it is found that the actual number of workers did not exceed 1,320. The evidence of D.W. 1 Dr. Talukdar is that the number of actual workers employed in the garden would be 1,200. In paragraph 1 of the Union's written statement it is stated that the Company employs about 1,295 workmen in various categories and in paragraph 2 it is stated that the population in the tea estate being workmen and their dependants would number about 2,196. From evidence of P.W. 2 Dr. S. C. Aich Chowdhury it appears that each of the actual workmen of the tea garden has 1 to 3 dependants on the average. If that is taken into consideration the number of actual workers and their dependants on tea garden would certainly exceed the figure of 2,000 and the evidence of two doctors is that they had to do attend not only, the actual workers and their dependants but had to see their floating relations for humanity's sake. Be that as it may, the term used in the Plantations Rules, rule 22(6)(i) is "workers". "Worker" is not defined in the rules. But in section 2(1) of the Factories Act of 1948 a worker means a person employed, directly or through any agency, whether for wages or not,

in any manufacturing process, or in cleaning any part of the machinery or premises used for a manufacturing process, or in any other kind of work incidental to, or connected with the manufacturing process, or the subject of manufacturing process. So, the word "worker" does not include his dependants. But it certainly includes persons employed directly or through any agency whether for wages or not. In the present case it is found from evidence that the actual number of workers on the effective rolls of the Company who received their wages from the Company number not more than 1,320. In seasons when pressure of work is heavy temporary workers are recruited from busties through contractors and their number varies between 200 and 300 (vide P.W. 2). These temporary workers are not borne on the rolls of the Company. Still they would be deemed to be workers within the meaning of the term "worker" as defined in the Factories Act. So, taking the roll strength from the regisers (Exts. A and B series) and considering the oral evidence on record I find that the total number of workers employed under the Company at the time of retrenchment of Dr. S. C. Aich Chowdhury was regular strength of 1,320 plus 300 (casual workers), i.e., 1,620 in all which is much below the figure "1,750" mentioned in the relevant Plantation Rule referred to above. Therefore, considering the total number of workers employed in the Company the Company was under legal obligation to appoint only one qualified doctor for the present garden and not more than that. The Company, therefore, gave notice of retrenchment to the junior of the two doctors, namely, Dr. S. C. Aich Chowdhury, observing the principle of "last come first go". It is an admitted fact that Dr. N. C. Talukdar was appointed as a doctor by this Company for this garden in 1935 and that Dr. S. C. Aich Chowdhury was appointed in January 1947. So, Dr. Aich Chowdhury was junior to doctor Talukdar. It is also an admitted fact that for 12 years from 1947 to March 1959 there were two qualified doctors, namely, Dr. Talukdar and Dr. Aich Chowdhury, in the garden and their services were profitably utilised by the Company for the purpose of health, and sanitation of the garden workers. But under the West Bengal Plantation Labour Rules, 1956, which came into force in December 1956, the Company thought that it was under the legal obligation to keep only one qualified medical practitioner for the total number of workers in its employ which did not even reach up to 1,750 in accordance with the relevant rule of the said Plantation Rules. So, there cannot be any doubt about the bona fides or good faith on the part of the Company in retrenching Dr. S. C. Aich Chowdhury whose services on retention might of course, have been profitably utilised for the workmen of the Company to the relief of the remaining doctor. But it is also an admitted fact that after the retrenchment of Dr. Aich Chowdhury with effect from 1st April 1956 a qualified compounder has been appointed by the Company according to the Plantation Rules to assist the qualified doctor in his work, namely, in the matter of dispensing medicine, giving injections and bandaging wounds. I, therefore, find that the action of the Company in retrenching Dr. S. C. Aich Chowdhury, was bona fide and in good faith and in clear pursuance of the requirements of the West Bengal Plantation Labour Rules of 1956. Therefore, retrenchment of Dr. S. C. Aich Chowdhury by the Company cannot but be justified. He has been offered all his dues and retrenchment compensation according to the Statute as mentioned in retrenchment notice Ext. 1 by the Company and in retrenching him the Company has strictly observed the principle of "last come, first go.".

It has been argued on behalf of the Union that the Plantation Rules do not contemplate that if there are more than one doctor for every 1,750 workers as required to be maintained by the Company according to the provisions of Plantation Rules at the time of commencement of the rule one must have to be retrenched. But there is no such direction in the Plantation Rules either way. On behalf of the Union my attention has been drawn to the provision to rule 22(5) of the West Bengal Plantation Labour Rules which runs as follows: "Each garden hospital shall be under a qualified medical practitioner assisted by at least one trained nurse, one trained midwife, a qualified compounder and a trained health assistant. The services of the staff shall be readily available during all hours: provided that doctors employed in plantations at the commencement of these rules who are not qualified medical practitioners may continue in service until they retire." But this is a provision in which the note is not peremptory. The discretion lies with the management to permit an unqualified medical practitioner to continue in service until he retires. In the instant case there was no question of any unqualified medical practitioner. Both the doctors, Dr. Talukdar and Dr. Aich Chowdhury, were

qualified medical practitioners who were rendering service for a long number of years. It was discretionary with the Company having regard to the total number of workers employed in the garden to keep both of them in excess of the requirement under the Plantation Rules. But there was no legal compulsion upon the Company to keep both of them. The Company has retrenched the junior one in obedience to the clear provisions of the Plantation Rules regard being had to the actual number of workmen employed in the garden and to the principle of "last come, first go". So it cannot be said that Company's action in retrenching Dr. Aich Chowdhury, the junior of the two doctors, was mala fide or for improper motives.

Having regard to all the facts and circumstances of the case disclosed in evidence I find that the retrenchment by the Company of Dr. S. C. Aich Chowdhury was bona fide and justified in conformance with the requirement of the relevant rule of West Bengal Plantation Labour Rules, 1956. It is, of course, a matter of regret that the services of Dr. S. C. Aich Chowdhury who worked creditably for the Company for a good number of years had to be terminated for no fault of either party. But the Company cannot be legally compelled to keep two qualified doctors in the garden in view of the clear provisions of the relevant Plantation Rule quoted above and then total number of workers employed in the garden did not reach the figure of 1,750. In the circumstances I am compelled to hold that retrenchment of Dr. S. C. Aich Chowdhury has been justified and he is not entitled to any relief in the present case.

This is my award.

GOVERNMENT OF WEST BENGAL

DEPARTMENT OF LOCAL SELF-GOVERNMENT AND PANCHAYATS

ORDER

No. 5528/M1A-7/60.—28th May 1960.—Whereas the proceedings of the meeting of the Corporation of Calcutta held on the 11th April 1960, for the purpose of electing a Mayor and a Deputy Mayor for the current year being, in the opinion of the Governor, not in accordance with law for the following reasons, namely:—

(1) Section 93 of the Calcutta Municipal Act, 1951 (West Bengal Act XXXIII of 1951), requires that the Councillors and Aldermen present at the meeting shall elect one of their number who is not a candidate for election as Mayor to preside over the meeting. The proceedings show that two names were duly proposed and seconded. Votes were not however taken though there were two candidates and the person whose name was first proposed occupied the chair on the ground that "the outgoing Mayor had allowed him to take the chair and that he had been unanimously elected as President". It appears, therefore, that there was no valid election of a presiding officer for the meeting and that the entire proceedings of the meeting are void;

(2) two names were duly proposed and seconded for election as Mayor. No votes were however taken on the ground that since the first name was that of the outgoing Mayor in respect of whom a vote of confidence had been passed by the Corporation within the last six months and since under rule 17(g)(i) of the Rules of Business a resolution passed within the preceding six months could not be altered unless it had first been rescinded, no other name except the name of Shri B. K. Banerji, the outgoing Mayor, could be proposed. It appears that the rule referred to has no manner of application to the election of a Mayor which is required to be held according to the provisions of the Act and that the ruling out of the second name proposed was in clear contravention of the provisions of law as embodied in section 91 the Act which requires that all matter required to be decided by the Corporation shall, save as in the Act otherwise provided, be determined by the majority of the Councillors and Aldermen voting at the meeting before which the matter is brought;

(3) the election of the Deputy Mayor was not also valid as it appears that as soon as one name was proposed and seconded, the presiding officer without trying to ascertain whether there was any other proposal, declared the person proposed as elected observing that there being no other name he declared the said person to be the Deputy Mayor of Calcutta;

a notice dated the 19th April 1960, was issued calling upon the Corporation of Calcutta to make, by the 30th April 1960, any representation which the Corporation of Calcutta wished to make on the

points mentioned above and on the further question why the said proceedings should not be annulled and why the State Government should not take such action or give such directions as might be necessary to secure compliance with the provisions of the Calcutta Municipal Act, 1951 (West Bengal Act XXXIII of 1951), in the matter of election of a Mayor and a Deputy Mayor for the current year;

And whereas no representation has been made by the Corporation of Calcutta in pursuance of the said notice;

And whereas in matter No. 101 of 1960, the High Court at Calcutta in its ordinary original civil jurisdiction issued an order nisi dated the 29th April 1960, *inter alia*, restraining the State of West Bengal from taking any step under or in terms of the said notice dated the 19th day of April 1960, in respect of the proceedings of the meeting of the Corporation of Calcutta held on the 11th April 1960, relating to the election of the President of the meeting and of the Deputy Mayor for the current year;

And whereas by an order dated the 23rd May 1960, the High Court at Calcutta has been pleased to discharge the said order nisi;

And whereas the Governor considers the proceedings of the said meeting of the Corporation of Calcutta held on the 11th April 1960, not to be in conformity with the law;

Now, therefore, in exercise of the power conferred by section 47 of the Calcutta Municipal Act, 1951, (West Bengal Act XXXIII of 1951), the Governor is pleased hereby to annul the entire proceedings of the said meeting of the Corporation of Calcutta held on the 11th April 1960, and to direct the said Corporation to elect a Mayor and a Deputy Mayor under section 10 read with section 93 of the said Act.
